STRIKE BREAKS OUT AFRESH IN RUSSIA

Strikers Refuse to Allow Men to Return to Work.

RUMORS OF PEACE UNFOUNDED

General Kuropatkin Reports a Small Engagement—The Factories at Lodz Are Open, But Few Workmen Have Returned to Their Places.

Warsaw, Russian Poland, Feb. 8.—Several men were killed here today by the strikers in bakeries and elsewhere where attempts were made to resume work. Many arrests have been made.

The prices of provisions have gone up. Peasants are afraid to bring in their produce.

Strikers today attempted to bring out the employes of the electrical plant of the asylum for lunatics, but the doctors succeeded in pacifying the men.

According to a report from Radom, 20 workmen have been killed or wounded in strike disorders there today at Skarzysko, 24 have been killed and 40 wounded.

Grave trouble is also reported at Kutno today. Troops have been sent to Kutno from here.

Few Return to Work.

Lodz, Russian Poland, Feb. 8.—The factories were opened today but scarcely any of the workmen appeared. At one factory the men worked until lunch time and then left and refused to return, saying thew did not want to be killed by a bullet from the street fired through the door. Another factory abruptly ended work.

The situation appears to be growing worse, and a critical time is expected Feb. 9, the date on which some of the largest manufactories have begun to pay their employes the balance of their wages dismissed them and shut down the mills indefinitely.

The strikers are becoming more aggressive. This morning they forcibly entered a mill and destroyed the machinery.

General Kuropatkin Reports.

St. Petersburg, Feb. 8.—General Kuropatkin reports that a detachment of Cossacks commanded by Prince Magaloff attacked a village occupied by the Japanese the night of Feb. 5, bayonetted 50 men and retired without sustaining any loss. The Berlin Tageblatt today printed a report to the effect that Emperor Nicholas recently found in his study a letter threatening him with assissination. An investigation of the rumor elicited a semi-official statement that it was unfounded.

No Basis for Rumors of Peace.

London, Feb. 8.—The charge d'affaires of the Russian embassy informed the Associated Press today that there is no basis for the renewed rumors of peace prospects. The Russian attitude, he declared, was not changed. Peace could not be considered under the present conditions.

The foreign office attaches no credence to the renewed rumors of prospects of early peace in the Far East and informed the Associated Press today that the situation so far as the British government is aware, has not changed.

Condition Worse at Batoum.

Batoum, Caucasia, Feb. 8.—The strike situation here is growing worse. Business is practically at a standstill, although some steamers have succeeded in getting away. Food is becoming more scarce. The military governor has issued a proclamation warning the inhabitants against assembling in crowds.

Guns Mounted on Automobiles.

Chicago, Feb. 8.—Rapid fire guns mounted on automobile cars are to be used by the Russians for the protection of the trans-Siberian railroad. Six of these cars have been ordered by Nicholas Summerfield, of Moscow, a representative of the Russian government, who has visited the Chicago automobile show. They were ordered for immediate delivery, and will be sent to Russia from Detroit within two weeks. The cars will be especially built, with extended platform in front of the rear to hold guns, it being further specified that they are to be shipped with 30-horse power motors of high speed.

KILLED IN ROW OVER A PENNY

Old Man Is Slain in a Quarrel About a One-Cent Piece.

New York, Feb. 8.—Harris Elias, the East Broadway merchant who was struck down by a professional stove lighter on Saturday, died, surrounded by his aged wife and six children, in Beth Israel hospital, of which institution he was a trustee. His slayer, John O'Grady, was held without bail in the Essex Market court even before the death of Mr. Elias had been announced.

O'Grady went to the store of Mr. Elias to build the fire and clean the store, according to a contract. Mr. Elias had owed him a dime. The merchant found nine cents, telling O'Grady he would pay him the other penny next day.

O'Grady, is is alleged, cursed Elias soundly, and in a violent rage picked up the heavy stove lifter and felled him to the floor.

USED MAIL TO DEFRAUD WOMEN

United States Authorities Catch Man for Alleged Crookedness.

Chicago, Feb. 8.—While postoffice inspectors were searching for John Burnett, the man who it is alleged was working in the federal building, drawing money from the government as an expert tile setter, has been arrested charged with using the United States mails to defraud unsuspecting women in Pittsburg, Pa.

It is alleged that Burnett, with another man, operated the Colonial Manufacturing and Supply company, in Pittsburg, by which they were able to secure thousands of dollars from women each of whom sent them $2 for material for crochet work and fancy needle work.

Burnett waived examination, and was returned to Pittsburg.

NEW WIVES DISCOVERED.

New York Police Find Women Wedded by Hock.

New York, Feb. 8.—The New York police announced today that they had discovered two women whom Hoch had married. One of them, the police said, is Mrs. Minnie Westphal, of Jersey City, whom Hoch is said to have married in 1898 under the name of William Frederick Bessing.

According to the police, Hoch made her acquaintance through a newspaper advertisement and got $300 belonging to her. The police say that Hoch told them he selected Mrs. Westphal from 1,200 replies to his advertisement.

The name of the other woman is not disclosed by the police, but they say Hoch married her in 1897 and secured $200 from her.

SOININEN'S ASSASSIN CAUGHT.

Man Who Killed Finland's Procurator General Was a Student.

Helsingfors, Finland, Feb. 8.—The assassin of Soisalon Soininen, procurator General of Finland, who was shot and killed yesterday at his residence by a young man dressed in an officer's uniform, hos been identified as Karl Lenard Hohenthal, formerly a student at the Imperial Alexander university.

Hohenthal, who latterly had lived in Stockholm, returned to Finland on Jan. 13. He maintained obstinate silence under examination. Senator Akerman who has assumed the duties of procurator of the senate, is directing the investigation of the crime.

The wounds inflicted on the assassin by the son of Soininen are not of a dangerous character.

Hot Ashes Cause a Big Fire.

Savannah, Ga., Feb. 8.—A number of residence on Gaston street, east, were damaged by fire at an early hour this morning by the carelessness of a servant girl of Ravenel Gignilliat, who left a boxful of hot ashes on the rear veranda of his home home last night. B. Scarboro T. V. Petit, W. H. Edenfield and Albert Strasser, in addition to Mr. Gignilliat, were the losers. Some of the families had a narrow escape.

CONGRESS DEBATES FREIGHT RATES BILL

Mr. Richardson, of Alabama, Delivers Strong Speech.

BUREAU'S REPORT ON COTTON

Senator Cullom Says the Senate Will Pass the Esch-Townsend Bill as Prepared by the House—Luke Wright Governor General of Philippines.

Washington, Feb. 8.—In accordance with the rule adopted yesterday the house today in committee of the whole convened one hour earlier than usual, the exclusive business for the day being debate upon the bills regulating freight rates. Mr. Richardson (Ala.) continued his speech begun yesterday.

Several points were involved. It was said, he said, in the federal courts that the railroads get their protection. The special court proposed by the Townsend bill he characterized as a fifth wheel in the judicial wagon, with no necessity for it except to embarass the movement for equalizing rates.

Mr. Richardson denied that the Davey bill embodied any of the provisions of the so-called Hearst bill.

Mr. Rainey (Ill.) vigorously asserted that it would not have hurt the Davey bill if the Democrats had incorporated in it every provision of the Hearst bill, because it represented "the present radical and progressive of the Democratic party." He supported the Townsend bill, because it was more in harmony with the radical tendency of the Democratic party and opposed the Davey bill because it did not provide for a special court.

Mr. Adamson (Ga.) took issue with the statement of Mr. Grosvenor yesterday and said all the world would give the Democrats credit for forcing action, whether they claimed it or not. If the Republicans did not complete the legislation now, he predicted that the country would damn them for trifling with so important a matter and preventing action.

"Both parties want it," he said. "The president now wants it. The man who ought to have been president for the last eight years wants it. Then those who wish to be president want it, and even the railroad presidents want it and are invading the capital White House and public press to make known their anxiety."

He urged his colleagues not to stop at Speaker Cannon's adjuration to "pass some kind" of a bill only, but to pass the substitute of the minority.

In the Senate.

Senator Cullom, formerly chairman of the senate committee on interstate commerce favors the passage of the Esch-Townsend bill for the regulation of railroad rates and says the senate will take it just as it comes from the house and enact it into law without amendment of any kind. He also expressed himself today to the Illinois congressional delegation and the members of the Illinois Manufacturers' association were here urging rate legislation. Senator Cullom says time does not remain for satisfactory amendment in the senate at the present session, and it is better to take the judgment of the house than to call congress back for an extra session to enact railroad legislation.

Under the agreement previously reached, the senate entered upon the consideration of the amendments offered to the joint statehood bill immediately after convening at noon today. That agreement provided that the entire day should be given to the consideration of the amendments to the bill under the ten-minute rule, and that a vote should be taken upon all the amendments and upon the bill itself prior to the adjournment of the day's session.

The first amendment to the bill prohibits the sale of liquor in Indiana Territory for ten years. Mr. Gallinger offered an amendment as a substitute to the committee's provision making the time 21 years and extending its operation to the entire state.

By a vote of 55 to 26 the Gallinger substitute was adopted.

Tennesseean First Gov.-General.

Washington, Feb. 8.—Luke E. Wright, of Tennessee, is the first American citizen to bear the title of Governor general in the Philippines. The Philippine bill, signed by the president yesterday, authorizing the change of the title he now holds, namely, civil governor of the Philippines. Secretary Taft today sent the following cablegram to the new governor-general:

"I salute and congratulate the first American governor-general of the Philippine islands, and wish for him the same success which has attended his administration as civil governor."

WOMAN DIES FROM BURNS.

Completely Wrapped in Flames When Discovered by Officers.

Atlanta, Feb. 8.—As the result of burns received last night at 7 o'clock, Miss Kate Irwin died at midnight at the Grady hospital.

Upon rushing into a room on the second floor of No. 201½ Peters street last evening about 7 o'clock, four policemen, who had heard wild screams in the place, discovered a white woman standing in the center of a room completely enveloped in flames, which wrapped her body and leaped above her head to the ceiling.

The four policemen were Officers Williams, Brodie, Hutchins and Andrews. Officer Brodie jerked off his rubber overcoat and threw it about the woman's body. This checked the flames sufficiently for the other three officers to seize blankets and quilts, and after soaking them in water, to throw them about the woman.

The woman, so an old negro stated to the officers, was standing near an open grate when her skirt caught on fire. In a moment of time she was wrapped in flames.

Miss Irwin was about 30 years of age, and her mother, who is Mrs. Martha Carlisle, lives at Kenwood, in this state.

The dead woman was a seamstress.

A NEW MATRIMONIAL JUGGLER

Chicago Authorities Discover Another Who Worked Hoch's Tricks.

Chicago, Feb. 8.—The Chronicle says that there is another matrimonial juggler in Chicago like Johann Hoch may soon be established through a discovery just made by the police.

This discovery incidentally necessitates checking off many of the aliases claimed to have been used by Hoch, under which name he was reported to have married Mrs. Mary Schultz, of Argos, Ind., in 1900, a woman who has never been seen or heard of since the month of her marriage. Other of his aliases may be checked off in the same way later.

Albert Bushteberg or Buschberg is the name which Hoch was believed to have once used. The police have learned that another man, also a German, who advertised for wives in German newspapers on the Hoch plan, used this alias. This man is unknown in Chicago, and is declared to be married to a woman whom he met by means of an advertisement in the news-papers and through communication with employment agents.

Ask Mercy For Condemned Woman.

Harrisburg, Feb. 8.—So numerous have been the requests from all over the country from the people who want Governor Pennypacker to commute to to life imprisonment the sentence of Mrs. Kate Edwards, who is to be hanged at Reading on Feb. 16, that it has been found necessary for the executive department to prepare a circular letter in answer to these requests. The letter quotes the state constitution to show that the governor has no power to commute a death sentence to life imprisonment, except upon the recommendation in writing of the board of pardons.

Will Scatter Father's Ashes.

Rome, Feb. 8.—Ricciotto Garibaldi, the last surviving son of the Italian libertaor, has addressed a petition to parliament to settle definitely the question of the final disposition of his father's body. It was the dying wish of General Garibaldi that his body should be cremated and the ashes dispersed; but the government authorities stepped in and forbade it, although his son would have carried out his wishes.

PLEADS GUILTY TO CHARGE OF MURDER

Killed Wife and Her Neice and Burned Their Bodies.

NOT THE LEAST BIT NERVOUS

As He Signed the Indictment Which, in Reality Was His Death Warrant Crime One of the Most Brutal in Criminal Annals.

Towanda, Pa., Feb. 8.—In court here today Bigler Johnson pleaded guilty to the charge that he murdered his wife, Maggie B. Johnson, and her niece, Annie Benjamin, 10 years old, on Sept. 18 last, and afterward burned their bodies.

The prisoner made his plea of guilty and signed the indictment without the faintest indication of nervousness.

He is 26 years old and his wife was 40. At the December term his older brother, Charles Johnson, was convicted of first degree murder as an accessory, and is now waiting argument on a new trial. His mother, Mrs. Sophie Merritt, and his sister and brother, Nancy and Alanson Johnson, were put on trial for the same crime today.

The five members of the family, it is charged, went to Maggie Johnson's house one night and killed her and her little girl with an ax, sprinkled the remains with kerosene and set the house on fire.

YOUNG MAN SLAYS FATHER.

Husband Was Attempting to Kill Wife When Shot By Son.

Columbia, S. C., Feb. 8.—At Goldville, Newberry county, John Atkinson, 50 years old, was shot and killed by his son, John Atkinson, Jr., aged about 20.

The elder Atkinson, it is said, was drinking and threatened the life of his wife. He chased her from one room to another, breaking down three doors.

Finally the woman ran to the room occupied by her son and his wife. The son locked the door and warned his father not to enter. Paying no heed to the warning, Atkinson knocked the door down. As he rushed at his wife the son raised a shotgun and killed his father instantly.

The young man has surrendered. The killing occurred Saturday night.

Treasurer Hunter's Rerturn.

New York, Feb. 8.—Captoin E. W. Morrison, commander of the treasure hunting expedition fitted out by Earl Fitzwilliam of England to search for treasure said to have been buried on Cocos Island, near Costa Rica, was one of the passengers who arrived here today on board the steamer City of Washington, from Colon, Panama. He was accompanied by Mr. W. H. Ainger, surgeon of the Fitzwilliam expedition. Captain Morrison was reticent about the result of the expedition. He said that the whole business is now over; that their ship is laid up at Panama and the expedition is abandoned. Several were hurt in an explosion in the blowing up of a cliff, but he knew little about it.

Oldest Justice in South Dead.

Columbus, Ga., Feb. 8.—Judge William D. Cook, of Hargett, Ga., a few miles above Columbus, died Saturday night. He was 71 years of age and held the position of justice of the peace for 45 years in succession. He was the oldest justice of the peace in the entire south in point of service. He was first elected magistrate in 1861. The funeral occurred at his late home Sunday afternoon.

Blizzard Raging in Texas.

Memphis, Feb. 8.—Wire communication with southern points is slowly being restored by hundreds of telegraph and telephone linemen. The temperature in Memphis today is 18 above zero, a fall of 7 degrees in 12 hours.

The situation in north Texas is the worst in years. A blizzard has been raging over the cattle ranges in the western part of the state and livestock has suffered severely.

FOUNTAIN WILL BE PRESENTED TODAY

Interesting Program Has Been Arranged for the Occasion.

MAYOR THOMAS WILL PRESIDE

Presentation Speech Will be Made by Rev. W. J. Carpenter, and Christopher Matheson Will Reply in Behalf of County Commissioners.

Today will be a glorious day for Gainesville, it being the day selected for the dedication of the elegant fountain, which will be presented by the ladies of the Woman's Christian Temperance Union to the county.

The ceremonies will begin at 4:15 p. m., immediately after the session of the Bible Conference, and will be held from the band stand on the north side of the square.

The program, while not elaborate, will be a most impressive one. Mayor W. R. Thomas will preside. There will be an invocation by Rev. Thos. P. Hay, pastor of the Presbyterian Church, after which the presentation speech will be made in behalf of the ladies by Rev. W. J. Carpenter, for four years pastor of Kavanaugh Methodist Church here, and who was very active in the temperance campaign two years ago. The response in behalf of the county commissioners will be delivered by Christopher Matheson in his usual eloquent manner, following which the elegant bronze fountain will be presented formally by the W. C. T. U. to the city and county.

In compliance with an invitation extended by the W. C. T. U. to the City Council at its meeting Monday evening, the council will attend the ceremonies in a body. The aldermen are requested to meet at the council chamber at 4 o'clock this afternoon, prompt.

While the fountain will be a public benefit to the people of the city and those visiting here, it must be presented and remain in the possession of the county, inasmuch as it is located on county land, being a few feet inside the county court house square. The city very generously agreed, however, to furnish water absolutely free, so it might be termed a mutual honor to both the county and city which has been extended by these dear ladies, through the efforts of whom this convenience to the public has been made possible.

A general invitation is extended to the public.

W. C. T. U., Attention.

Every member of the Union is earnestly requested to meet at the Tabernacle this afternoon immediately after the service, that we may attend in a body, the formal presentation of the drinking fountain.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists.

Will Return For Trial.

Savannah, Ga, Feb. 8.—F. E. McArthur and his son, W. R. McArthur, will come back to Savannah without a requisition. This statement was made today by Walter S. Roberts, attorney, of Knoxville, who came here today to represent the McArthurs, who will be tried next week upon charges of larceny after trust, growing out of the conduct of their defunct music business, which they carried on for a while with great display and apparent success.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

SLEET BECOMES SLUSH.

Rising Temperature Breaks Backbone of the Great Storm.

Atlanta, Feb. 8.—Rising temperature yesterday morning caused a general thaw, and it was evident that the backbone of the greatest storm in the history of Atlanta and Georgia was broken. The trees and wires which had been actually clotted with the white blood of winter began dripping and shedding their mantles of ice.

Although surface traffic throughout the city was at a standstill, the weather conditions favored the work of repair, and hope was held out that the cars would soon be running—a hope that was happily realized shortly after noon.

From an ice-bound city, Atlanta was rapidly transformed into a mass of slush that rapidly lost its pristine beauty and took on a decidedly chocolate tinge that was anything but artistic. But while the storm was over and the streets ran with rivers of ice water, reports from every direction agreed that a new precedent had been established in the matter of the weather of the Gate City and Empire State of the South.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and $1 bottle. Sold by W. M. Johnson.

A Matter of Gender.

The English language is supposed to be very simple in the matter of genders, but foreigners who triumphantly handle questions of gender of inanimate things in their own languages often have their difficulties with the English. A Frenchman recently came to grief over his English. "I fear I cockroach too much upon your time, madame," he remarked politely to his hostess. "En-croach, monsieur," she smilingly corrected him. He threw up his hands in despair. "Ah, your English genders!" he sighed.

Would Make Sure About the Soap.

A little boy who had been blowing bubbles all the morning, tiring of play and suddenly growing serious, said, "Read me that thory about heaveu; it ith tho gloriouth."

"I will," said the mother, "but first tell me, did you take the soap out of the water?"

"Oh, yes; I'm pretty thure I did."

The mother read the description of the beautiful city, the streets of gold, the gates of pearl. He listened with delight, but when she came to the words, "No one can enter there who loveth or maketh a lie," bounding up he said:

"I gueth I'll go and thee about that thoap!"—New York Observer.

Hon. Frank Clark of Lake City, Congressman-elect from the Second Congressional District of Florida, is beginning work early, which his constituents will duly appreciate. Ever since his election in November of the past year he has been studying the needs of the people of his district, with the result that his calendar is well filled for a beginning.

Jesse E. Burtz, representing Alachua county as a member of the Democratic Executive Committee of the Second Congressional District, has received a letter from Col. Clark in which he states that he desires to give the people of Alachua county the benefit of a system of free rural mail delivery, reaching from Gainesville to all points where a round trip can be made within one day, and where the minimum of one hundred families may be served.

In his letter Col. Clark says:

"I desire to begin work immediately for the establishment of free rural mail routes throughout Alachua county. I have this day written the department at Washington asking them to supply me with blank forms to petition, and hope to have them in a short time.

"The establishment of these routes over your county will be of vast benefit in various ways. It will not only be a convenience to your citizens but will give employment to a number of our people.

"In order that you may understand the manner of securing these routes, I will briefly state the main requirements:

"1st—The route must be through the rural district, away from the railroad, and of such length that the round trip can be made in a day from the starting point.

"2nd—There must be along the line of route, and within one mile on either side, one hundred heads of families to be served.

"These are the main points to be considered, and it seems to me there might be several routes leading from Gainesville and reaching out into the different parts of Alachua county. If you will investigate this matter and report to me as early as you can, I think I can have them established."

Mr. Burtz conferred with Postmaster Arnow in the matter, and ascertained that there is now in contemplation a rural route from Gainesville through North Gainesville, Paradise and intermediate points to Rutledge, returning via Bennington on an intermediate line to the south, and including all stations and families in this route about one hundred and twenty-five families, and covering a round-trip distance of about twenty-three miles. This application was filed with the proper authorities several months ago, and will be established at the proper time. The application is now on file in the postoffice department in Washington, and it is expected that it will be reached and acted upon at any time.

Another route is suggested from Gainesville to points south of the Seaboard Air Line, returning via Rocky Point, which will supply a hundred or more families within a radius ten miles.

While Postmaster Arnow has worked faithfully for the establishment of rural routes, Col. Clark is to be congratulated for his energy, which is the best evidence that he is faithful to his trust, and in advance has begun to study the needs of his constituents. There is no doubt but that the routes will be secured, through these recommendations and the efforts of Congressman Clark, at the proper time.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without it's upsetting the liver and poisoning the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. J. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Sold by W. M. Johnson.

AT REST.

[WRITTEN BY HIS SISTER, HATTIE ENGLISH].

Can it be true that brother's dead and sleeping beneath the sod?
Oh! can it be he is safely in the loving arms of God?

In fancy still we often hear his foot-steps at the door,
And look as we were wont to see his smiling visage o'er.

Oh! can it be that he is gone, gone from our loving care?
Oh yes! the Saviour called him home to dwell forever there.

Brother is now a happy angel singing around the throne on high,
Though we're lonely now without him, we may meet him bye and bye.

He has crossed the dark, dark valley, where the silent river flows,
And has found through faith in Jesus that long-sought sweet repose.

So we'll leave the dear, dear brother with his hands upon his breast,
And with many a tear and flowers deck the spot where he's at rest.

Now while we brush away the tears let's softly breathe a prayer,
That when our short life's work is done we'll all meet over there.

Far from a world of sin and strife he now enjoys the heavenly life,
And joins to praise, shout and sing and make the heavenly arches ring.

We could not wish him back again, but say, dear Garrette, with God remain;
We'll try to gain that peaceful shore, where those who meet shall part no more.

Now let us strive the prize to gain, let's come to Christ—with him remain;
Then we shall share in Jesus' love, and meet with dear Garrette in the home above.

You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develope into nervous prostration.

Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs.

Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine.

"During the past winter I had two attacks of LaGrippe which left me very weak, and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I had not slept for some time, and had terrible pains in my head. After taking a few doses of Nervine the pain was not so severe, and I slept. I am now taking the second bottle, and am very much improved." HENRY M. SMITH, Underhill, Vt.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

BRIBERY CHARGES INVESTIGATED

California Legislature Busily Engaged In Unearthing Scandals.

Sacramento, Cal., Feb. 8.—At the night session of the committee investigating the charges of bribery made against state Senators Emers, French Wright and Bunkers, a number of witnesses were placed on the stand by the defense for the purpose of attacking the credulity of the detectives employed by the prosecution.

Lieutenant Governor Anderson testified that he was not influenced by outside persons in making up the committee on commissions and retrenchments. His idea in appointing the committee was to retain harmony and to provide senators with committee appointment. Senator Branham, of the committee, testified that he did not regularly attend the sessions of the committee for the reason that he objected to its holding the investigation of the incorporations behind closed doors.

Some parts of Georgia that have suffered from the grip of the recent storm are now struggling with another form of the grippe. In many places there are hundreds of cases.

There are numerous suggestions made that newspapers be read in the schools in place of some of the books now in use. It might be a good idea to let the pupils practice proof-reading on some of them.

FLORIDA FOR ALL.

Florida, in years past, was only enjoyed by a few of the very wealthy people of the North, who came here in winter for pleasure and to escape the severe cold. Some also came here for health and returned in the spring feeling much better from having escaped the pains of the body caused by the chilly wintry blasts. Others came here because they were restless and desired a change, but were soon uneasy after they reached here and wanted to return.

Many people are in Florida today who for years had read of and hoped to see the beautiful flowers to be found here at most any time in the winter. From infancy to manhood and womanhood they have longed to see the South, and when the time came that they could leave their homes, they came and saw.

Each year the crowds increase, and those who have been here once or twice are sure to come again. People of wealth flock to the palace hotels where they can show their fine wearing apparel and indulge in the society functions they might enjoy at home, although some would not be able to secure the social standing they do abroad.

Others come for quiet and absolute rest, in the hope to recuperate from the malady that is afflicting them, and they find it in the smaller villages, near beautiful inland lakes or in the forests of the long-leaf pine, far away from the maddening crowds of the congested winter hotels, and by careful nursing, throwing medicine to the dogs, and plenty of outdoor exercise, regain their health.

But the sick ones long for the outdoor air, and when shut up in the house by the disagreeable weather that is sometimes prevalent for a few days, forget that in their Northern homes it is doubly disagreeable. A few days of cool weather is beneficial to the health of the country, and after it comes the pure air laden with the fragrance of jessamine and orange blossoms, amply repaying for the few days of cool weather.

Another feature has been added to the entertainment of winter tourists, and one that is taken advantage of by many. In various portions of the State are conducted winter chautauquas, Sunday school conventions and Bible meetings, which are located away from the centers where the "butterfly" throngs assemble, supplied with men of National reputation as exponents of the doctrines of the true religion, also literary and musical people of merit, to join in furnishing both instruction and entertainment for those who prefer something more substantial.

There is room in Florida for a winter's enjoyment for all good people who desire to come. All are welcome.

The Townsend-Esch railroad rate bill which is now before the National House of Representatives at Washington, must be made to suit the Republicans or it does not go. The three amendments Representative Williams of Mississippi demanded were, he said, to give the commission power to substitute a rate for the one declared off; to make that rate operative until set aside by final judgment of a court, and to base appeal or review to a court upon evidence adduced before the Interstate Commerce Commission. But Townsend declared in favor of letting the railroads voluntarily correct any evils not covered by the bills.

William Bell Carved Moses Bryant to the Queen's Taste.

FOUND HIM WITH HIS WIFE

This Was Too Much for Bell, Who Ordered Bryant from His Home, and a General Fight Ensued, in Which Bryant Got the Worse—Trial Today.

Because another man came between himself and his home Wednesday, William Bell has caused great trouble, which, in the general opinion of the public, he had a right to do. As a result Mose Bryant is now laying up at his home with several serious gashes in his side, the effect of knife wounds at the hands of Bell, and from which he may not recover soon.

There is an old saying that a man's home is his castle, and that is a true one. The only trouble is that things did not look exactly square at Bell's home, as matters did not seem in accord with Bell and his wife, whom it appears was harboring and probably paying too much attention to another man. Bell is a hard-working, conscientious man, and the sympathies of those who know him are on his side.

Bell, who is the driver of the trash wagon, in the employ of the city, went to his home in South Gainesville Wednesday morning, unexpectedly. Upon his arrival he found Moses Bryant, a porter on the Gainesville and Gulf Railway, in the house with his wife. He ordered Bryant to leave the premises at once. Bryant did not leave the house, but at the door he met Bell with a big stick and proceeded to play havoc with his skull, striking him several times. Bryant evidently labored under the impression that he was striking at a baseball, for, while Bell was retreating he struck him, it is said, several severe blows on the head, giving him a pain in the stomach. Bell finally secured from his pocket a Barlow, with which he managed to carve Bryant sufficiently to put him out of business for the present, and he was sent to his home in a precarious condition. After Bryant had thrown up his hands and asked Bell to resist, however, and after Bell had done so, Bryant picked up an ax and attempted to brain him unawares. The man was too clever for him, however, and foiled him in his own purpose.

After the difficulty Bell came to the city and sought Officer Pinkoscn, surrendering. He stated to the officer the exact state of affairs, explaining how he had become involved in the trouble. He will be given a hearing in the municipal court this morning.

CHRONIC SORES

Wheeling, W. Va., May 28, 1903.

Some years ago while at work, I fell over a truck and severely injured both of my shins. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were healed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated, nor have the sores ever broke out again. Some 12 years have elapsed since what I have described occurred. Having been so signally benefitted by its use I can heartily recommend it as the one great blood purifier.

JOHN W. FUNDIS.
Care Schmulback Brewing Co.

Chronic sores start often from a pimple, scratch, bruise or boil, and while salves, washes and powders are beneficial, the unhealthy matter in the blood must be driven out or the sore will continue to eat and spread. S. S. S. reaches these old sores through the blood, removes all impurities and poisons, builds up the entire system and strengthens the circulation. S. S. S. is a blood purifier and tonic combined. Contains no mineral whatever but is guaranteed purely vegetable. If you have an old sore write us and our physicians will advise without charge. Book on diseases of the Blood free.

DR. GWILYM IS HERE.

Eminent Episcopal Divine Will Spend a Week at Bible Conference.

Among the prominent arrivals in this city who have come to attend the Bible Conference is Rev. David Vaughn Gwilym of New York, who arrived late Tuesday.

Dr. Gwilym, who made such a reputation here by his remarkable lectures last year, was greeted by many friends whom he made at that time. He is a gentleman of excellent address, sincere and friendly, and left many pleasant memories of his visit last year. He is rector of All Saints' Church of Bayside, a suburb of New York City, and one of the most fashionable churches in that section. He was at one time in charge of one of the largest and most influential parishes of New York City, but this work occupied too much of his time, hence he resigned to accept a charge that would give him more of an outside life.

"I love this missionary work—this work of 'running about' and trying to do good everywhere—and that is the reason I am here now," remarked Dr. Gwilym, in that clever way of his. "I remember my visit to Gainesville last year with a great deal of pleasure, for I gained many friends here, whom I will always remember. I have been talking with all my heart for the present session of the Gainesville Bible Conference, and I feel grateful that I am enabled to be with you again."

Dr. Gwilym did not not desire to go upon the platform until today, but Dr. Strouse, realizing his "drawing proclivities," assigned him to duty yesterday afternoon. He will remain a week.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabourand, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

HIS SEAT OF PANTS EATEN

Carrier Rowe Has Been Trying to Make Friends With an East Gainesville Dog, but the Dog Won't Play. Postmaster Arnow on Situation.

There is going to be trouble between the United States government, the mail carriers in the employ of the United States government and the owners of what are termed as "vicious dogs," if some action is not taken soon in the matter of tying these dogs up or confining them in the back yards of premises where carriers are compelled to go to deliver mail.

Carrier D. W. Rowe, whose duty it is to deliver mail daily on certain routes leading to East Gainesville, declared to Postmaster Arnow Tuesday that he would give up his job before he would deliver mail at a certain house in East Gainesville, where he states a vicious dog has almost eaten the seat of his trousers out, as a result of various attacks. Carrier Rowe has stood this thing as long as possible, and says he has tried to make friends with the dog, but objects to being compelled to enter with a club in one hand and the mail for the family in another, and fight his way both in and out of the yard.

"I love my job and need it, but I just won't stand this risk any longer," he remarked to Postmaster Arnow upon returning from his route Tuesday. "That dog would have grabbed me in a minute if it had not been for the fact that I kept him off with a stick, and I won't stand it a minute longer."

Postmaster Arnow states that the postal legulations do not require carriers to enter yards or premises where vicious dogs are permitted to run at large. "I think it unfair to ask it of them," he said, "and I propose to instruct the carriers to stay out of such places. If people want to enjoy the privilege of free mail delivery they must keep their dogs tied up or in the rear premises, where the carriers will not be subjected to being bitten. I am willing and anxious to accommodate the public in the free distribution of mail, but I am not willing to force carriers to run the risk of being jumped on and bitten by dogs. Persons having such dogs must either tie them up or keep them in their back yards if they desire their mail delivered at their doors."

Section 756, Postal Laws and Regulations, says:

"Carriers are not required to deliver mail at residences where vicious dogs are permitted to run at large. Persons keeping such dogs must call at the postoffice for their mail."

Notice of Application for Charter, Etc.

Notice is hereby given that on the 18th day of February, A. D. 1905, or as soon thereafter as practicable, the undersigned incorporators will apply to His Excellency, the governor of the State of Florida, at Tallahassee, Florida, for Letters Patent for the proposed charter given below, in accordance with the statutes in such cases made and provided.

THE LADIES WERE HIGHLY ENTERTAINED

Enthusiastic Gathering at Opera House Wednesday.

A CONVINCING ILLUSTRATION

By the National Biscuit Company of the Goodness, Purity and Nutritive Value of Their Products—Kirby Smith Attended in Body.

The crowds of ladies who attended the reception given by the National Biscuit Company at Edwards' Opera House yesterday afternoon were most agreeably surprised at the lavish preparation that had been made for their entertainment. It would seem that everything that could add to the comfort and pleasure of the guests had been anticipated and provided for. The hall had been superbly decorated for the occasion, special material having been sent from Chicago for the purpose, and arranged by a corps of decorators who accompany the reception committee. Daintily served refreshments included many of the delicious products of the National Biscuit Company, served direct from their packages, which, by excluding all air, dust and moisture, so effectually preserve the purity and goodness of their contents. Among them were Uneeda Biscuit, Oysterettes, Butter Thin Biscuit, Graham Crackers, Social Tea Biscuit, Zu Zu Ginger Snaps and others.

The reception was a striking lesson to the guests in one respect. It thoroughly exploded the idea of buying biscuit, crackers, and wafers from an open box or barrel, and having them delivered, more or less mutilated, in a paper bag. It is explained that no matter how perfect a biscuit may come from the oven, it loses its freshness, by exposure to the air, even for an hour. Only by giving it the protection of a package which excludes all air, dust and moisture, can the original goodness, crispness and purity of the biscuit be retained.

The reception was also an illustration of the wide range of adaptability of the products of the National Biscuit Company. For any requirement, from the oysters to dessert, there is always a biscuit, cracker or wafer to suit, and best of all, they can be purchased any time, anywhere, and are always fresh. In the purchase of these products the trade mark of the National Biscuit Company on each end of the package is always an absolute assurance that the contents are not only the very perfection of the baker's art, but that they are always pure, always good, and have had absolute protection from dust, moisture and handling from the time they left the oven until they reached the consumer's hands.

Nabisco Sugar Wafers and Festino Almonds were also served. These are two confections of such unrivaled delicacy and deliciousness as to virtually form a class by themselves.

Taken altogether the reception was a pronounced success, and as the guests departed expressions were heard, indicating that they had received not only pleasant entertainment, but profitable information as well.

The company was honored by the presence of the members of Kirby Smith Chapter, U. D. C., who attended the reception, by special invitation, in a body. The ladies of the Chapter were shown special attention, and were delighted with the function, which they unanimously declared to be one of the finest and most complete of the kind they had ever seen.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and $1. Sold by W. M. Johnson.

Lad Killed His Young Sister.

Tawas City, Mich., Feb. 8.—Alfred Burk, a 12-year-old boy, living in Grant township near here, accidentally shot and killed his 10-year-old sister, Viola, and wounded a lad named Van Sickle, while playing with his brother's 44-caliber rifle. The rifle accidentally was discharged while in Alfred's hands and the bullet entered his sister's back, passed completely through her body and wounded young Van Sickle in the hand. The girl died in an hour.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

Suits for Large Amount Filed Against United Mine Workers.

Tuscaloosa, Ala., Feb. 8.—Twenty-one suits, amounting to $147,000, were filed in the county court here late Monday afternoon. Each of the suits were for $7,000 and were filled by the non-union miners at Brookwood, Ala., 16 miles north of Tuscaloosa, against the United Mine Workers of America in district No. 20, also the local organization.

The plaintiffs claim that during the month of October last the local organization held several mass meetings, the result of which was a demand upon the Alabama Consolidated Iron and Coal company to dismiss from their mines all non-union workers and that if they should fail to grant their request a strike would be the result, and that on account of heavy contracts which the company was compelled to fill, knowing that a strike would greatly retard their output, they were compelled to act as the union miners had demanded, and that for this reason on Nov. 10, they were turned out of their homes and many of them deprived of the bare necessities of life.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy, for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup, and it always gives him prompt relief." For sale by all druggists.

Aged Woman Burns to Death.

Charlton, Mass., Feb. 8.—Mrs. Luann Lamson, 90 years and 2 months old, was burned to death in a small house in which she lived, a mile and a half from this village, early this morning. Nobody saw the fire. This morning her charred body was found in the ruins. It is supposed Mrs. Lamson set her clothing on fire by pouring oil in her stove, as was her custom. She was ill and unable to leave her chair, and was to have been moved to the home of a neighbor soon. She had lived alone for 30 years.

Jumped to His Death.

Savannah, Ga., Feb. 8.—H. C. Swift, 75 years old, who came to Savannah from Stockton, Ga., eight months ago, jumped from the window of his home in this city last night and died from the effects today. He had been suffering from the grip for several years. Mr. Swift was a resident of New York, but came south seeking a warmer climate.

A spark from a workman's torch falling on oily waste and a greasy floor caused a fire today which destroyed the Rome, N. Y., Merchant Iron mill, entailing a loss of $200,000, partially covered by insurance.

Two lives were lost in a fire which destroyed the farmhouse of Charles Smith, near Merdil, N. F., today. The victims were Miss Harriet Pratt and Smith's 5-year-old daughter. The fire is supposed to have started from a defective chimney.

The local newspapers of Buenos Ayres announce that the insurrection has been suppressed at Cordoba, the city which it had been restricted without any further fighting. The insurgents surrendered unconditionally and their leaders fled.

Charles F. Taylor, business partner of Mrs. Alice Webb Duke, has been arrested at his office in Chicago charged with being a fugitive from justice. He is alleged to have been implicated in a swindle at Nacogdoches, Tex., involving $3,000.

The valuation of Mrs. Chadwick's estate was not given by the receivers, but it is generally believed that all told the proptry is not worth or will exceed $50,000. On this basis Mrs. Chadwick's creditors will receive, after the court costs are deducted, not more than 2 per cent on their claims.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucous and causes its expulsion from the air cells of the lungs, produces a free expectoration and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by all druggists.

Play Games.

Games help to form character to a wonderful extent, and I do not know any means by which you can so quickly arrive at an estimate of human character, of individuality, of personality, as you can by watching people at games or engaged in any sport that calls for endurance, patience, celerity of mind and body. The school with a good record for games is almost always in the front rank of scholarship. —Dr. Warre.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

Former Experience Painful.

The young woman had just said no.

"Have you ever been rejected before, Mr. Huddleston?" she asked sympathizingly and almost tenderly.

"Once," he said, a spasm of pain contorting his features at the recollection, "by a life insurance company. I tell you it hurt—that time."—Chicago Tribune.

Agonizing Burns

Are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully—that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at all druggists.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PRONUNCIATION.

Read Over This Test and Then Consult Your Dictionary.

The following rather curious piece of composition was placed upon the blackboard at a certain teachers' institute and a prize of a dictionary offered to any person who could read it and pronounce every word correctly. The book was not carried off, as twelve was the lowest number of mistakes in pronunciation made:

"A sacrilegious son of Belial who has suffered from bronchitis, having exhausted his finances in order to make good the deficit, resolved to ally himself to a comely, lenient and docile young lady of the Malay or Caucasian race. He accordingly purchased a calliope and coral necklace of a chameleon hue and securing a suit of rooms at a principal hotel he engaged the head waiter as his coadjutor. He then dispatched a letter of the most unexceptional caligraphy extant, inviting the young lady to a matinee. She revolted at the idea, refused to consider herself sacrificable to his desires and sent a polite note of refusal, on receiving which he procured a carbine and bowie knife, said that he would not now forge fetters hymeneal with the queen and went to an isolated spot, severed his jugular vein and discharged the contents of the carbine into his abdomen. The debris was removed by the coroner."

The mistakes in pronunciation were made on the following words: Sacrilegious, Belial, bronchitis, exhausted, finances, deficit, comely, lenient, docile, Malay, calliope, chameleon, suit, coadjutor, caligraphy, matinee, sacrificable, carbine, hymeneal, isolated, jugular and debris.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Triplett of Grigsby, Va., says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. For sale by all druggists.

Mobile, Ala., Dec. 24, 1890.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. Clark.

GAINESVILLE'S MARDI GRAS.

A New Feature in Carnival Attractions to Visit This City Soon.

For the past three days L. C. Kelley, general agent of the Jones & Adams Congress of Novelties, has been in the city arranging for the holding of a monster Mardi Gras and Carnival, to commence Monday, Feb. 13th, and last all week.

The Jones-Adams Company comes with the highest recommendations both from the press and public of every city they have visited in Florida, and the citizens of Gainesville are guaranteed a week of high-class, innocent, up-to-date amusement. Unlike all other carnivals that have visited Gainesville, they do not show upon the streets, leaving the people who visit their attractions exposed to inclement weather, but instead are presenting the very latest idea in the carnival world, which is the original idea of Messrs. Jones and Adams, of furnishing one of the largest sun and waterproof tents ever carried by a traveling organization to protect their patrons from bad weather, and having all of their shows and attractions face into the big tent, thus making it possible to visit the carnival with the assurance that you can enjoy it without fear of getting wet or muddy. Their big tent is a wonder of the tent-maker's art. Some idea of the enormity of its size can be gained by the fact that it holds five thousand people. Attractions given in the center of the big tent every half-hour. Show grounds corner W. Main and Seminary streets.

Oyster Supper and Entertainment For Benefit of Public School.

Prof. J. H. Owens, the clever and efficient principal of Martha Perry Institute, Rochelle's public school, writes The Sun to the effect that the good people of that place, desiring to see the school prosper, have decided to give an oyster supper and entertainment on the evening of Friday, the 17th inst., at the home of M. Mandfield.

This supper will be given for the benefit of the piano fund. A handsome piano was recently purchased for the school, and the proceeds will be used on the payment of same. Prof. Owens states that a fine program has been arranged, and those who attend are assured of a pleasant evening, aside from securing a first-class supper at a reasonable price.

Further particulars will be given later.

Si Plunkard.

The attraction underlined for Monday at the opera house is a rural comedy drama of Yankee farm life, entitled "Si Plunkard," and will be presented by the young character actor, J. C. Lewis, supported by his big company of talented comedians in the laughing success, "Si Plunkard;" it deals with rural New England and some of the more vicious aspects of city life. The comedy is in four acts, two of which take place on the farm, near Fairview, Conn., and the others in New York City, where the rural representative meets some wonderful adventures. Mr. j. C. Lewis appears in the character of traditional Downeaster, Si Plunkard. The action of the play admits of a number of novel and pleasing specialties by a company of comedians, presenting a program of mirth, music and novelties, constructed to drive away dull care. The past season the comedy has been re-written, and will present all new features.

Card of Thanks.

Mrs. F. E. Williams and J. R. Williams of Alachua desire to express their sincere gratification and thanks to their numerous friends for services, sympathies and other recognitions during the late illness and death of Mr. Furman E. Mrs. M. Dzialynski Will Open a Hotel at This Popular Resort.

Mrs. M. Dzialynski, who for many years was a resident of this city, during a part of which time she conducted the Commercial Hotel, has decided to locate in White Springs, where she will open a small but first-class hotel

White Springs is a resort favorably known not only to the Florida people, but to hundreds of tourists who come to Florida for health and sport combined. The springs are possessed of a wonderful curative power, being good for rheumatism and other diseases chronic, and the hunting in the vicinity is so good that numbers of sportsmen gather there every season for sport. Again, the resort is snugly nestled on the banks of the famous old Suwannee River, which attracts many others to that point, and altogether it is proving one of the most popular resorts in the South.

Mrs. Dzialynski will assume charge of her new duties on the 15th inst. She will be assisted by her son, Abe Dzialynski, who is now engaged in the fruit and produce business in this city. Both are experienced in the hotel business, and it is needless to add that they will enjoy a fine patronage from the beginning.

R. D. Pridgeon of Fannin and E. D. Thomas and J. L. Slocum of Willeford were in the city yesterday, the two latter gentlemen renewing their subscription to The Sun. They report the heaviest rains in their section for several months, which have naturally resulted in a great deal of damage.

Jesse Rhodes, the clever traveling representative of C. M. Hughes & Co., manufacturers of cider and vinegar, Louisville, Ky., has arrived in the city, having been summoned on account of the illness of his wife. Mr. Rhodes has been in Williston, Morriston, Montbrook and other poins, and reports trade excellent.

Clayborn Kendrick, an aged colored man, died on West Boundary street yesterday of heart failure. Deceased was one of the oldest and most widely known colored residents of the city, having resided here for half a century. He was about seventy-five years of age. The funeral will be held today.

After a visit of two weeks to relatives in this city, Hon. N. R. Carter returned to his home in Levyville yesterday. He was accompanied by his son, N. R. Carter, Jr. Mr. Carter has been suffering for some time with a complication of diseases, and came to Gainesville for treatment. His friends will be gratified to learn that his condition is somewhat improved.

We see by the issue of January 24 of the Gainesville (Fla.) Daily Sun, that our old friend and co-worker of a few years ago, W. W. Ashley, has again been added to the staff of that journal for the winter. A perfect likeness of "Win" was also published in that issue, from which, we take it, that he is enjoying life to the utmost. We wish him the success that his hustling and energetic efforts will earn for him.—St. Ignase (Mich.) Enterprise.

THE BIBLE CONFERENCE.

Good Crowds Attended the Meeting Wednesday—Three Good Sermons.

The services at the Winter Bible Conference were well attended yesterday, especially in the evening, when the big tabernacle was almost filled to its capacity.

At the morning service Rev. George Stewart delivered the sermon. In the afternoon Dr. David Gwilym, the eminent New York minister, delivered an address, and in the evening Dr. Stewart again preached, his remarks attracting a great deal of interest.

This evening Dr. Stewart will lecture to men only, his subject being "The Stuff Men are Made Of." There will be a service for the ladies at the Methodist church at 7:30 o'clock, to which all are invited.

GAINESVILLE'S MARDI GRAS.

A New Feature in Carnival Attractions to Visit This City Soon.

For the past three days L. C. Kelley, general agent of the Jones & Adams Congress of Novelties, has been in the city arranging for the holding of a monster Mardi Gras and Carnival, to commence Monday, Feb. 13th, and last all week.

The Jones-Adams Company comes with the highest recommendations both from the press and public of every city they have visited in Florida, and the citizens of Gainesville are guaranteed a week of high-class, innocent, up-to-date amusement. Unlike all other carnivals that have visited Gainesville, they do not show upon the streets, leaving the people who visit their attractions exposed to inclement weather, but instead are presenting the very latest idea in the carnival world, which is the original idea of Messrs. Jones and Adams, of furnishing one of the largest sun and waterproof tents ever carried by a traveling organization to protect their patrons from bad weather, and having all of their shows and attractions face into the big tent, thus making it possible to visit the carnival with the assurance that you can enjoy it without fear of getting wet or muddy. Their big tent is a wonder of the tent-maker's art. Some idea of the enormity of its size can be gained by the fact that it holds five thousand people. Attractions given in the center of the big tent every half-hour. Show grounds corner W. Main and Seminary streets.

Oyster Supper and Entertainment For Benefit of Public School.

Prof. J. H. Owens, the clever and efficient principal of Martha Perry Institute, Rochelle's public school, writes The Sun to the effect that the good people of that place, desiring to see the school prosper, have decided to give an oyster supper and entertainment on the evening of Friday, the 17th inst., at the home of M. Mandfield.

This supper will be given for the benefit of the piano fund. A handsome piano was recently purchased for the school, and the proceeds will be used on the payment of same. Prof. Owens states that a fine program has been arranged, and those who attend are assured of a pleasant evening, aside from securing a first-class supper at a reasonable price.

Further particulars will be given later.

Si Plunkard.

The attraction underlined for Monday at the opera house is a rural comedy drama of Yankee farm life, entitled "Si Plunkard," and will be presented by the young character actor, J. C. Lewis, supported by his big company of talented comedians in the laughing success, "Si Plunkard;" it deals with rural New England and some of the more vicious aspects of city life. The comedy is in four acts, two of which take place on the farm, near Fairview, Conn., and the others in New York City, where the rural representative meets some wonderful adventures. Mr. j. C. Lewis appears in the character of traditional Downeaster, Si Plunkard. The action of the play admits of a number of novel and pleasing specialties by a company of comedians, presenting a program of mirth, music and novelties, constructed to drive away dull care. The past season the comedy has been re-written, and will present all new features.

WILL GO TO WHITE SPRINGS.

Mrs. M. Dzialynski Will Open a Hotel at This Popular Resort.

Mrs. M. Dzialynski, who for many years was a resident of this city, during a part of which time she conducted the Commercial Hotel, has decided to locate in White Springs, where she will open a small but first-class hotel

White Springs is a resort favorably known not only to the Florida people, but to hundreds of tourists who come to Florida for health and sport combined. The springs are possessed of a wonderful curative power, being good for rheumatism and other diseases chronic, and the hunting in the vicinity is so good that numbers of sportsmen gather there every season for sport. Again, the resort is snugly nestled on the banks of the famous old Suwannee River, which attracts many others to that point, and altogether it is proving one of the most popular resorts in the South.

Mrs. Dzialynski will assume charge of her new duties on the 15th inst. She will be assisted by her son, Abe Dzialynski, who is now engaged in the fruit and produce business in this city. Both are experienced in the hotel business, and it is needless to add that they will enjoy a fine patronage from the beginning.

STRIKE BREAKS OUT AFRESH IN RUSSIA

Strikers Refuse to Allow Men to Return to Work.

RUMORS OF PEACE UNFOUNDED

General Kuropatkin Reports a Small Engagement—The Factories at Lodz Are Open, But Few Workmen Have Returned to Their Places.

Warsaw, Russian Poland, Feb. 8.—Several men were killed here today by the strikers in bakeries and elsewhere where attempts were made to resume work. Many arrests have been made.

The prices of provisions have gone up. Peasants are afraid to bring in their produce.

Strikers today attempted to bring out the employes of the electrical plant of the asylum for lunatics, but the doctors succeeded in pacifying the men.

According to a report from Radom, 20 workmen have been killed or wounded in strike disorders there today at Skarzysko, 24 have been killed and 40 wounded.

Grave trouble is also reported at Kutno today. Troops have been sent to Kutno from here.

Few Return to Work.

Lodz, Russian Poland, Feb. 8.—The factories were opened today but scarcely any of the workmen appeared. At one factory the men worked until lunch time and then left and refused to return, saying thew did not want to be killed by a bullet from the street fired through the door. Another factory abruptly ended work.

The situation appears to be growing worse, and a critical time is expected Feb. 9, the date on which some of the largest manufactories have begun to pay their employes the balance of their wages dismissed them and shut down the mills indefinitely.

The strikers are becoming more aggressive. This morning they forcibly entered a mill and destroyed the machinery.

General Kuropatkin Reports.

St. Petersburg, Feb. 8.—General Kuropatkin reports that a detachment of Cossacks commanded by Prince Magaloff attacked a village occupied by the Japanese the night of Feb. 5, bayonetted 50 men and retired without sustaining any loss. The Berlin Tageblatt today printed a report to the effect that Emperor Nicholas recently found in his study a letter threatening him with assissination. An investigation of the rumor elicited a semi-official statement that it was unfounded.

No Basis for Rumors of Peace.

London, Feb. 8.—The charge d'affaires of the Russian embassy informed the Associated Press today that there is no basis for the renewed rumors of peace prospects. The Russian attitude, he declared, was not changed. Peace could not be considered under the present conditions.

The foreign office attaches no credence to the renewed rumors of prospects of early peace in the Far East and informed the Associated Press today that the situation so far as the British government is aware, has not changed.

Condition Worse at Batoum.

Batoum, Caucasia, Feb. 8.—The strike situation here is growing worse. Business is practically at a standstill, although some steamers have succeeded in getting away. Food is becoming more scarce. The military governor has issued a proclamation warning the inhabitants against assembling in crowds.

Guns Mounted on Automobiles.

Chicago, Feb. 8.—Rapid fire guns, mounted on automobile cars are to be used by the Russians for the protection of the trans-Siberian railroad.

Six of these cars have been ordered by Nicholas Summerfield, of Moscow, a representative of the Russian government, who has visited the Chicago automobile show. They were ordered for immediate delivery, and will be sent to Russia from Detroit within two weeks. The cars will be especially built, with extended platform in front of the rear to hold guns, it being further specified that they are to be shipped with 30-horse power motors of high speed.

KILLED IN ROW OVER A PENNY

Old Man Is Slain in a Quarrel About a One-Cent Piece.

New York, Feb. 8.—Harris Elias, the East Broadway merchant who was struck down by a professional stove lighter on Saturday, died, surrounded by his aged wife and six children, in Beth Israel hospital, of which institution he was a trustee. His slayer, John O'Grady, was held without bail in the Essex Market court even before the death of Mr. Elias had been announced.

O'Grady went to the store of Mr. Elias to build the fire and clean the store, according to a contract. Mr. Elias had owed him a dime. The merchant found nine cents, telling O'Grady he would pay him the other penny next day.

O'Grady, is is alleged, cursed Elias soundly, and in a violent rage picked up the heavy stove lifter and felled him to the floor.

USED MAIL TO DEFRAUD WOMEN

United States Authorities Catch Man for Alleged Crookedness.

Chicago, Feb. 8.—While postoffice inspectors were searching for John Burnett, the man who it is alleged was working in the federal building, drawing money from the government as an expert tile setter, has been arrested charged with using the United States mails to defraud unsuspecting women in Pittsburg, Pa.

It is alleged that Burnett, with another man, operated the Colonial Manufacturing and Supply company, in Pittsburg, by which they were able to secure thousands of dollars from women each of whom sent them $2 for material for crochet work and fancy needle work.

Burnett waived examination, and was returned to Pittsburg.

NEW WIVES DISCOVERED.

New York Police Find Women Wedded by Hock.

New York, Feb. 8.—The New York police announced today that they had discovered two women whom Hoch had married. One of them, the police said, is Mrs. Minnie Westphal, of Jersey City, whom Hoch is said to have married in 1898 under the name of William Frederick Bessing.

According to the police, Hoch made her acquaintance through a newspaper advertisement and got $900 belonging to her. The police say that Hoch told them he selected Mrs. Westphal from 1,200 replies to his advertisement.

The name of the other woman is not disclosed by the police, but they say Hoch married her in 1897 and secured $200 from her.

SOININEN'S ASSASSIN CAUGHT.

Man Who Killed Finland's Procurator General Was a Student.

Helsingfors, Finland, Feb. 8.—The assassin of Solzalon Soininen, procurator General of Finland, who was shot and killed yesterday at his residence by a young man dressed in an officer's uniform, hos been identified as Karl Lenard Hohenthal, formerly a student at the Imperial Alexander university.

Hohenthal, who latterly had lived in Stockholm, returned to Finland on Jan. 13. He maintained obstinate silence under examination. Senator Akerman who has assumed the duties of procurator of the senate, is directing the investigation of the crime.

The wounds inflicted on the assassin by the son of Soininen are not of a dangerous character.

Hot Ashes Cause a Big Fire.

Savannah, Ga., Feb. 8.—A number of residence on Gaston street, east, were damaged by fire at an early hour this morning by the carelessness of a servant girl of Ravenel Gignilliat, who left a bozful of hot ashes on the rear veranda of his home home last night. B. Scarboro, E. V. Petit, W. H. Edenfield and Albert Strasser, in addition to Mr. Gignilliat, were the losers. Some of the families had a narrow escape.

CONGRESS DEBATES FREIGHT RATES BILL

Mr. Richardson, of Alabama, Delivers Strong Speech.

BUREAU'S REPORT ON COTTON

Senator Cullom Says the Senate Will Pass the Esch-Townsend Bill as Prepared by the House—Luke Wright Governor General of Philippines.

Washington, Feb. 8.—In accordance with the rule adopted yesterday the house today in committee of the whole convened one hour earlier than usual, the exclusive business for the day being debate upon the bills regulating freight rates. Mr. Richardson (Ala.) continued his speech begun yesterday.

Several points were involved. It was said, he said, in the federal courts that the railroads get their protection. The special court proposed by the Townsend bill he characterized as a fifth wheel in the judicial wagon, with no necessity for it except to embarass the movement for equalizing rates.

Mr. Richardson denied that the Davey bill embodied any of the provisions of the so-called Hearst bill.

Mr. Rainey (Ill.) vigorously asserted that it would not have hurt the Davey bill if the Democrats had incorporated in it every provision of the Hearst bill, because it represented "the present radical and progressive of the Democratic party." He supported the Townsend bill, because it was more in harmony with the radical tendency of the Democratic party and opposed the Davey bill because it did not provide for a special court.

Mr. Adamson (Ga.) took issue with the statement of Mr. Grosvenor yesterday and said all the world would give the Democrats credit for forcing action, whether they claimed it or not. If the Republicans did not complete the legislation now, he predicted that the country would damn them for trifling with so important a matter and preventing action.

"Both parties want it," he said. "The president now wants it. The man who ought to have been president for the last eight years wants it. Then those who wish to be president want it, and even the railroad presidents want it and are invading the capital White House and public press to make known their anxiety."

He urged his colleagues not to stop at Speaker Cannon's adjuration to "pass some kind" of a bill only, but to pass the substitute of the minority.

In the Senate.

Senator Cullom, formerly chairman of the senate committee on interstate commerce favors the passage of the Esch-Townsend bill for the regulation of railroad rates and says the senate will take it just as it comes from the house and enact it into law without amendment of any kind. He also expressed himself today to the Illinois congressional delegation and the members of the Illinois Manufacturers' association were here urging rate legislation. Senator Cullom says time does not remain for satisfactory amendment in the senate at the present session, and it is better to take the judgment of the house than to call congress back for an extra session to enact railroad legislation.

Under the agreement previously reached, the senate entered upon the consideration of the amendments offered to the joint statehood bill immediately after convening at noon today. That agreement provided that the entire day should be given to the consideration of the amendments to the bill under the ten-minute rule, and that a vote should be taken upon all the amendments and upon the bill itself prior to the adjournment of the day's session.

The first amendment to the bill prohibits the sale of liquor in Indiana Territory for ten years. Mr. Gallinger offered an amendment as a substitute to the committee's provision making the time 21 years and extending its operation to the entire state.

By a vote of 55 to 29 the Gallinger substitute was adopted.

Tennesseean First Gov.-General.

Washington, Feb. 8.—Luke E. Wright, of Tennessee, is the first American citizen to bear the title of Governor general in the Philippines.

The Philippine bill, signed by the president yesterday, authorizing the change of the title he now holds, namely, civil governor of the Philippines. Secretary Taft today sent the following cablegram to the new governor-general:

"I salute and congratulate the first American governor-general of the Philippine islands, and wish for him the same success which has attended his administration as civil governor."

WOMAN DIES FROM BURNS.

Completely Wrapped in Flames When Discovered by Officers.

Atlanta, Feb. 8.—As the result of burns received last night at 7 o'clock, Miss Kate Irwin died at midnight at the Grady hospital.

Upon rushing into a room on the second floor of No. 201½ Peters street last evening about 7 o'clock, four policemen, who had heard wild screams in the place, discovered a white woman standing in the center of a room completely enveloped in flames, which wrapped her body and reaped above her head to the ceiling.

The four policemen were Officers Williams, Brodie, Hutchins and Andrews. Officer Brodie jerked off his rubber overcoat and threw it about the woman's body. This checked the flames sufficiently for the other three officers to seize blankets and quilts, and after soaking them in water, to throw them about the woman.

The woman, so an old negro stated to the officers, was standing near an open grate when her skirt caught on fire. In a moment of time she was wrapped in flames.

Miss Irwin was about 30 years of age, and her mother, who is Mrs. Martha Carlisle, lives at Kenwood, in this state.

The dead woman was a seamstress.

A NEW MATRIMONIAL JUGGLER

Chicago Authorities Discover Another Who Worked Hoch's Tricks.

Chicago, Feb. 8—The Chronicle says that there is another matrimonial juggler in Chicago like Johann Hoch may soon be established through a discovery just made by the police.

This discovery incidentally necessitates checking off many of the aliases claimed to have been used by Hoch, under which name he was reported to have married Mrs. Mary Schultz, of Argos, Ind., in 1900, a woman who has never been seen or heard of since the month of her marriage. Other of his aliases may be checked off in the same way later.

Albert Bushteberg or Buschberg is the name which Hoch was believed to have once used. The police have learned that another man, also a German, who advertised for wives in German newspapers on the Hoch plan, used this alias. This man is unknown in Chicago, and is declared to be married to a woman whom he met by means of an advertisement in the news-papers and through communication with employment agents.

Ask Mercy For Condemned Woman.

Harrisburg, Feb. 8.—So numerous have been the requests from all over the country from the people who want Governor Pennypacker to commute to to life imprisonment the sentence of Mrs. Kate Edwards, who is to be hanged at Reading on Feb. 16, that it has been found necessary for the executive department to prepare a circular letter in answer to these requests. The letter quotes the state constitution to show that the governor has no power to commute a death sentence to life imprisonment, except upon the recommendation in writing of the board of pardons.

Will Scatter Father's Ashes.

Rome, Feb. 8.—Ricciotto Garibaldi, the last surviving son of the Italian liberiaor, has addressed a petition to parliament to settle definitely the question of the final disposition of his father's body. It was the dying wish of General Garibaldi that his body should be cremated and the ashes dispersed; but the government authorities stepped in and forbade it, although his son would have carried out his wishes.

THE LADIES WERE HIGHLY ENTERTAINED

Enthusiastic Gathering at Opera House Wednesday.

A CONVINCING ILLUSTRATION

By the National Biscuit Company of the Goodness, Purity and Nutritive Value of Their Products—Kirby Smith Attended in Body.

The crowds of ladies who attended the reception given by the National Biscuit Company at Edwards' Opera House yesterday afternoon were most agreeably surprised at the lavish preparation that had been made for their entertainment. It would seem that everything that could add to the comfort and pleasure of the guests had been anticipated and provided for. The hall had been superbly decorated for the occasion, special material having been sent from Chicago for the purpose, and arranged by a corps of decorators who accompany the reception committee. Daintily served refreshments included many of the delicious products of the National Biscuit Company, served direct from their packages, which, by excluding all air, dust and moisture, so effectually preserve the purity and goodness of their contents. Among them were Uneeda Biscuit, Oysterettes, Butter Thin Biscuit, Graham Crackers, Social Tea Biscuit, Zu Zu Ginger Snaps and others.

The reception was a striking lesson to the guests in one respect. It thoroughly exploded the idea of buying biscuit, crackers, and wafers from an open box or barrel, and having them delivered, more or less mutilated, in a paper bag. It is explained that no matter how perfect a biscuit may come from the oven, it loses its freshness, by exposure to the air, even for an hour. Only by giving it the protection of a package which excludes all air, dust and moisture, can the original goodness, crispness and purity of the biscuit be retained.

The reception was also an illustration of the wide range of adaptability of the products of the National Biscuit Company. For any requirement, from the oysters to dessert, there is always a biscuit, cracker or wafer to suit, and best of all, they can be purchased any time, anywhere, and are always fresh. In the purchase of these products the trade mark of the National Biscuit Company on each end of the package is always an absolute assurance that the contents are not only the very perfection of the baker's art, but that they are always pure, always good, and have had absolute protection from dust, moisture and handling from the time they left the oven until they reached the consumer's hands.

Nabisco Sugar Wafers and Festino Almonds were also served. These are two confections of such unrivaled delicacy and deliciousness as to virtually form a class by themselves.

Taken altogether the reception was a pronounced success, and as the guests departed expressions were heard, indicating that they had received not only pleasant entertainment, but profitable information as well.

The company was honored by the presence of the members of Kirby Smith Chapter, U. D. C., who attended the reception, by special invitation, in a body. The ladies of the Chapter were shown special attention, and were delighted with the function, which they unanimously declared to be one of the finest and most complete of the kind they had ever seen.

Card of Thanks.

Mrs. F. E. Williams and J. E. Williams of Alachua desire to express their sincere gratification and thanks to their numerous friends for services, sympathies and other recognitions during the late illness and death of Mr. Furman E. Williams. Their kindnesses in this hour of bereavement will never be forgotten, and it is the prayer that God will ever be good to them and comfort them.

GRAND OPENING OF BIBLE CONFERENCE

Large Crowd Assembled at This Notable Function.

REV. STEWART PREACHED

The Eminent Tennessee Evangelist Delivered Stirring Sermons Both Afternoon and Evening, Which Were Enjoyed—Monday's Program.

On Sunday, February 5, at 3 p. m, the doors of the Tabernacle were thrown open for the first meeting, second annual convention, of the Winter Bible Conference, and although the day had been cloudy, the elements seemed to favor the plan, and the sun shed its rays for a short time to cheer the workers.

At 3:15 Dr. Strouse arrived with the speakers, some of whom had been delayed in reaching the city, but the activity of Dr. Strouse soon got the meeting in working order, and after singing "All Hail the Power of Jesus' Name," Rev. Dr. Sullien of Cleveland, Tenn., invoked Divine blessiugs on the meetings. "Nearer My God to Thee" was sung by the large choir, whereupon the order of meetings was announced and Dr. George Stewart, the noted evangelist, was announced to deliver the sermon.

Miss N. H. Munford of Philadelphia then sang the beautiful solo, "Oh, Calvary," in a most impressive manner. She has a powerful alto voice, full of sweetness.

Rev. S. B. Rogers of the Baptis church followed with a most earnest prayer for the success of the Conference.

Rev. Dr. Stewart, in opening his remarks, apologized for the delay in his arrival. He took his text from Galations, 6:10: "As We Have Therefore Opportunity, Let Us Do Unto All Men, Especially Unto Those Who Are Unto the Household of Faith." A fluent speaker, a man of brilliant thought and believer and preacher of the true gospel, he carried his audience with him throughout his discourse, sometimes in tears, sometimes in merry laughter, but always with him.

The many incidents he related were pointed and plain to the seeker after religious knowledge, and he showed that the Christian brotherhood and sisterhood should be the greatest of the whole world. In comparing the fraternal orders with the brotherhood of Christ he said that the only good thing about Masonry or any other of the orders was taken from the Bible, and the reason of the great growth of these orders was that they had taken up the Bible where the churches had laid it down. The real power of the gospel, he said, was its practice.

After a solo by Miss Munford, and a song by the choir, the benediction was pronounced by Rev. F. H. Craighill, rector of Holy Trinity Church.

Sunday evening the big tabernacle was crowded, the service being a union one. Dr. Stewart again delivered an interesting sermon, which was deeply impressive and highly enjoyed.

The session of the Conference begins under most favorable conditions, and a most successful meeting is anticipated.

Monday's Session.

Monday's session of the Conference was one eminently successful, both from its effectiveness and point of attendance. Rev. Stewart delivered a sermon in the morning. In the afternoon Dr. W. E. Blackstone, who became so popular in his Bible teachings last year, addressed the Conference for the first time this season. Dr. Blackstone is one of the finest and best posted Bible students in the United States, and his work, part of which is illustrated, always proves of deep interest.

In the evening Rev. Stewart, who does not propose to remain here long, interested the large audience with another fine sermon, and all who heard him felt refreshed in the spirit.

The daily program during the Conference will be services at 9:30 a. m., 3 p. m. and 7:30 p. m. All are cordially invited.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift s the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—

"For nine years I dragged through a miserable existence, suffering with inflammation and falling of the womb, and worn out with pain and weariness. I one day noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the womb trouble, and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy as it has me."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

VALUABLE TRANSFER.

A. M. Cushman Has Sold His Beautiful Home in East Gainesville.

Another valuable transfer of real estate has been made, A. M. Cushman having disposed of his handsome home, Alachua avenue, to Dr. J. H. Colson. The deal has been consummated, the papers signed and recorded, and now Dr. Colson is the absolute owner of the property, which is one of the most desirably located homes in East Gainesville.

Mr. Cushman and family expect to occupy the premises for the present, inasmuch as Dr. Colson's family is out of the city. Mr. Cushman has purchased from Colson & Blanding, however, a handsome lot at the corner of Alachua and Palmetto avenues, and proposes to build a fine home in a short time. This home will be provided with all modern improvements, including sewerage.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. Cheney & Co., Toledo, Ohio.

Sold by all druggists, 75 cts.

Take Hall's Family Pills for constipation.

Justice Colman's Court.

Booty Stewart, a negro, was arraigned in Justice Colman's court Monday upon a charge of assault and battery, the charge having been preferred by another negro, who stated to the court that Stewart attempted to knock him down with a piece of a buggy-tire.

Justice Colman seemed to deem the evidence sufficient, hence sentenced the prisoner to pay a fine of $2 and costs or spend two months at McDonald's turpentine camp "for the good of the cause." Not having the wherewith to pay his fine, he will be taken to the camp.

Stewart was arrested by Deputy Sheriff Granger. Both parties live in the vicinity of the English Colony.

THE NEWS FROM MELROSE.

Death of a Winter Visitor—Other Notes of Public Interest.

Melrose, Feb. 4.—(Delayed)—Rev. H. L. McMurray and family of Ligonier, Pa., have arrived to take charge of the Lutheran Church during the season. He preached his first sermon on Sunday morning to a large and appreciative congregation.

Messrs. H. W. Hamlyn and R. Barnett have returned from a camp-hunt and most generously remembered their friends with the results of their marksmanship.

The first public lecture of the Ladies' Literary Society took place on Monday evening, the lecturer being Miss E. Ward of Newark, N. J. Her subject: "The People I Met in Palestine," was most interesting to the large audience assembled.

Much surprise was caused by the news of the marriage of Miss W. Belle Corpew to Mr. J. Corwin O'Niell at Buena Vista on January 27.

L. E. Carter, tax assessor for Clay county, will be in town on February 16.

A. D. Williamson, traveling freight agent of the S. A. L., was in town recently to consult with Messrs. Yearwood and McDonald about the sidetrack to their new mill.

D. W. Babcock of East Hampton, Conn, who arrived here the last week of December, died Wednesday afternoon. He was taken sick a few days after his arrival, and has been confined to his bed ever since. The body was sent North on Friday, after a short funeral service held by the Rev F. H. Craighill, pastor of Trinity Church, Gainesville.

The total rain-fall for the month of January was 0.99 inches.

The Ladies' Literary Society held their annual business meeting and election of officers on Friday afternoon. The following ladies are the new officers: Mrs. H. von Noszky, president; Mrs. H. Tolles, vice-president; Mrs. J. B. McDonald, secretary; Mrs. E. J. Whitehead, treasurer.

The next social evening will be on February 11.

5th dam ..... by Smith's Highlander
6th dam ..... by Goode's Arab

Keepsake, dam of Keeps, is dam of Tommy Britton 2:06½ (sire of Fanforan 2:11½), Rose Warren 2:23¼, Kate Britton 2:25, John R. Slaughter 2:26½. Her dam, Dainty, and her grandam, Nora Norman, are great brood mares. Tommy Britton, Keepsake's fastest foal, held, in 1899, the world's record for three consecutive heats by a trotting stallion, 2:08¼, 2:08¾, 2:08¼.

Prince of India, sire of Keeps, is sire at 11 years, of Prince of Orange 2:06½, The Rajah 2:14¾ (winner of the two-year-old New England Futurity, 1901, The Horse Review Purse, 1902; fastest two-year-old gelding of 1901, fastest three-year-old gelding of 1902), Lord Curzon 2:18¼, Stansen 2:21¾, South 2:30, May H, second in 2:15¾ in two-year-old division of the New England Futurity, 1902. What a Great Kentucky Horseman Says of Keeps.

"The breeding and conformation of this stallion form a combination not only perfect theoretically, but proved by experience to be right in every way. Keeps has already shown his ability to sire colts with qualities fully up to their breeding. His oldest colts are yearlings only, but they are of great promise. Prince of India, sire of Keeps, has proved himself a really great young sire, having given to the turf two great horses in Prince of Orange 2:06½ and The Rajah (2) 2:20¾, (3) 2:14¾, Tommy Britton 2:06½, out of the dam of Keeps, has had but one colt trained, and that one is the Grand Circuit winner Fanforan 2:11½. Keeps cannot help but sire great horses and should be immensely popular.

"The disposition of this horse is kindness itself; any lady can drive him. His action is beautiful and his speed phenomenal. He was only trained four weeks last summer, and trotted a mile in 2:27¼. The great fire at Lexington stopped his training, but when returned he should go in 2:10 or better. His brother on his dam's side sold recently for $10,000.

"Keeps is not only as well bred as any horse in Kentucky, and not only has great speed and action, but besides all this he is a beautiful horse."

Crawford & Davis are now taking great care of this remarkable horse.

SPECIAL MEETING BOARD OF TRADE

Committee Appointed to Investigate Needs of Seminary

AS REGARDS THE BUILDINGS

Meeting Was Full of Interest, and a Determination Was Manifested to Exercise Every Effort to Secure What Institution Justly Deserves.

The Gainesville Board of Trade held a special meeting at the council chamber Monday afternoon, which was well attended.

Mayor W. R. Thomas, second vice-president of the board, presided. He explained that the meeting was called for the purpose of having the board examine into the condition of East Florida Seminary barracks and other buildings, to confer with Superintendent Jere M. Pound as to the needs of the institution, with a view to accomplishing something definite in the matter of obtaining these improvements.

Several interesting talks were made by those present, and it was the sense of the meeting that a committee be appointed for the purpose specified, so that at the next session of the Legislature a petition or bill providing for the necessary appropriation could be intelligently presented to that body.

A motion prevailed to the effect that a committee be appointed to confer with Superintendent Pound, and the following were named by the chair: Senator H. H. McCreary, Dr. J. F. McKinstry, Jr., Dr. J. Harrison Hodges, W. B. Taylor and Col. H. F. Dutton. The committee was requested to investigate the matter and report at a future meeting of the board, which will be called at the proper time.

The people of Gainesville are proud of East Florida Seminary, which has accomplished such great good for the boys and girls of the State and elsewhere, and they reached a determination to erect new and more commodious buildings, to lend all support and aid possible, and to make the institution second to none in the State in the matter of proper buildings and accommodations. From an educational standpoint it has never been second, and the people are determined to make its accommodations equal in the matter of buildings and conveniences.

Birthday Party.

On the occasion of the seventh year of her advent into this world, little Miss Jessie C., daughter of Mr. and Mrs. John Chesnut, entertained a number of her young friends Saturday afternoon. There were eighteen or twenty friends of the little lady present, and all enjoyed themselves to the fullest extent in a manner becoming the occasion. Delicious refreshments were served during the afternoon.

At a late hour the little folks, tired but happy, departed for their respective homes, wishing their clever little hostess many happy returns.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Card From Mr. Osborn.

EDITOR SUN: I note in the last issue of The Gainesville Star a notice to the effect that I am no longer connected with that paper, and that I will probably return to my "field of usefulness" in Jacksonville.

Please allow me space to reply that I propose to make my home in Gainesville. I came here to live, like the town, and the people as a rule, and I propose to remain here. As to my having severed my connection with The Star, I want to say that I still retain my business interests in that paper. Respectfully, W. S. OSBORN.

WILL EXTEND TO OCALA.

East Florida Telephone System Will Soon Connect the Brick City.

E. E. Voyle of the East Florida Telephone Company departed Monday for Ocala, where he went on business connected with the company.

The East Florida Telephone Company, which is strictly a home institution, is growing wonderfully in proportion, and is proving a great benefit to the people along the line. Lines have been extended to Archer, to Fairbanks, to Micanopy, Evinston, McIntosh and other points, which affords Gainesville excellent and most convenient connection with the numerous towns within a radius of twenty miles. It is the intention to extend the service to Ocala and Waldo, Melrose and Orange Heights, which will add more convenience. The line is now being pushed towards Ocala, and within the next two months it is safe to say that Gainesville and Ocala may say "hello" and transact business with each other in a most satisfactory manner.

ANOTHER NEW HOME.

Dr. E. Lartigue Building Handsome Residence on East Union Street.

Another handsome new residence will soon be added to Gainesville's list. Dr. E. Lartigue who recently sold his home in East Gainesville to Mrs. Dell, has purchased a lot from Mrs. M. A. Whetstone, East Union street, and Monday the laying of the foundation for a residence began.

It is understood that Claud P. Brewer has the contract for this home, which means that the task will be well performed. Mr. Brewer is one of the most competent mechanics in the State, and his practical knowledge of house-building is an assurance that this will be one of the model homes of the city.

Friends of Dr. Lartigue congratulate him upon coming into possession of such fine property, so conveniently located.

A free bottle of Dr. Thacher's Liver and Blood Syrup will be sent to any reader of this paper who will write to the Thacher Medicine Co., Chattanooga, Tenn.

A Philadelphia parson says, "I prefer hell to politics." Its all about the same thing in Philadelphia.

The President has been presented with a Sioux war bonnet. Congress had better do some side stepping.

The Senate has confirmed the nomination of Daniel S. Kidder of Florida to be consul at Nanking, China.

Nikola Tesla again promises that we shall soon communicate with Mars. Nikola is a promising young man.

Vegetarianism has prospered under the beef trust, but the organization of a fruit trust in Baltimore reduces the menu.

The Methodist church at North Pasadena, California, was struck by lightning during a severe thunder storm Saturday, and burned to the ground.

Let the President have his three battleships. Moral suasion is a good thing for our own children, but a big stick is more effective with the neighbor's boy.

When Benjamin Franklin considered publishing a paper in Philadelphia his best friends advised against it on the ground that there was already a newspaper in Boston.

The United States Court at Cleveland has decided that the American wife of a foreigner does not pay his debts. This is an awful blow to international marriages.

"Don't coddle your rubber plants," says Country Life in America. That's just what every husband in the country has been saying ever since the rubber plant mania seized the women.

District Attorney Jerome proposes to prepare a chart that will show the location of the gambling hells of New York. The proprietors will no doubt appreciate this aid to their business.

President Roosevelt is making an effort to deceive Democrats by asserting his intention to do a few things that are in harmony with the party leaders, as is shown by his Philadelphia speech.

The Czar of Russia will let the contract to some firm in the United States to build him a new navy, and it is also stated that Charles M. Schwab will go over there to show him what financial complications really are.

Dr. Brown of the New York Board of Health suggests that all the idiots should be drowned. Other men who have entertained the same idea have been afraid to express it, anticipating their own fate if it should become a law.

A Providence society of women called the "Society for Political Study" appeals to the Legislature to pass laws "restricting the propagation of the human species." The appeal suggests difficulties and we leave its accomplishment to Providence.

Three States have failed to send to the Senate their electoral votes. According to the law the time was up January 23rd, but Tennessee, Arkansas and Kentucky have not been heard from. The President-elect does not show any signs of worry, though.

NOT INJURED BY FREEZE.

While many are wondering what amount of injury has been done to fruit and vegetables by the recent freezes, a glance over the political garden will show that the most tender boomlet has apparently taken on new life in spite of the cold weather, as will be noted by a glance at the following:

Col. Cromwell Gibbons is nursing a tender boom plant for governor. All it needs is a little "fertilizer."

Hons. Park Trammell, Thomas F. West and L. C. Massey are "budding" forth as president of the State Senate.

If Hon. W. J. Hillman can dispose of his other "garden truck," he will go into the forestry business and set a plat of gubernatorial timber.

Judge M. H. Mabry of Tampa will harvest his supreme court clerkship crop in a few weeks, and if successful may rotate and sow something else in the State garden.

Gen. Albert Gilchrist, after harvesting his speakership crop in the Legislature, may set out a few plants for governor, if he can secure the necessary "fertilizer."

In the western portion of the State they are at a loss to know what political crop to raise, for fear another frost might nip the plant. But they are looking around for gubernatorial timber, and if they find none suitable may raise cane. Molasses is a good fertilizer for political crops.

A TIME OF WONDERS.

Senator Depew, in an address to the Transportation Club, predicted that within ten years the steam locomotive would be found only in the historical museums, and that its place would be taken by the electric motor which would propel trains across the country at a rate of 75 miles per hour.

Thus the life of steam transportation is bounded by a single century. The great force which has revolutionized the economic conditions of the world is thus becoming obsolete within a hundred years. Such a fact as that exhibits the astonishingly rapid rate of development in which the world is progressing. The nineteenth century was the age of steam; the twentieth century is to be emphatically the age of electricity.

No one can safely predict the limits to which electrical development will proceed, but it is safe to say that at the end of this century conditions of life upon the globe will be wonderfully changed from those which now exist, by reason of the ability of men to control this mysterious, but wonderful, force to their advantage. We are now actually engaged in transmitting speech without wires, and are dreaming of the transmission of power without wires. We are truly living in time of wonders.

GEORGE STEWART, EVANGELIST

At the Bible Conference, which opened on Sunday, the people have had the pleasure of listening to that distinguished pulpit orator, Dr. George Stewart of Cleveland, Tenn., who has been associated with the Rev. Sam Jones in evangelistic work.

Doctor Stewart preached his first sermon on Sunday afternoon, and he left a most favorable impression with all who heard him. From the same text he continued his evening discourse to a very large audience, and on Monday night he fairly outdid all his previous effort with a discourse that is seldom equalled.

His comparisons are of deepest interest, he is completely filled with the truths of the Bible, and his illustrations cannot help but impress all with the fulfillment of its teachings and purpose of our being placed on this earth.

He believes in practicing what he preaches. He is a strict observer of the Sabbath and declares it is an American institution and says that he is not opposed to foreigners coming to this country, but he don't want them to bring their Continental Sabbath with them. He believes in Christianity that commences at home, and that we should feed our own children first. The real power of the gospel, he says, is in its practice.

RAISING CANE.

Jefferson D. Buncomb of Jacksonville, who goes North in the winter to enjoy a sleigh ride and play hockey on the ice, was interviewed at the Wayne Hotel, Detroit, Mich., regarding the sugar cane question, by a Free Press representative. He said:

"I have been much interested in sugar cane raising in the South. For a number of years past I have tried to impress on my people the desirability of encouraging the industry along various lines. The small farmer loses a great deal raising sugar cane, or at least does not make the profit that he ought to, and some of these small farmers make the best kind of table syrup in the market. You use it on your table and there is a great demand for it all over the country. Every farmer in the State can make this if he wants to, and the day of the great big syrup manufacturer is far in the distance.

"But one big mistake my people make is barreling their syrup. The farmer that puts his sugar up in barrels is just reducing his chances of success, for every barrel that goes on the market is classified as molasses. Now, we don't make molasses in Florida, and every farmer that puts his syrup up in barrels is lowering the status of our industry. Besides, the syrup in barrels is not so good, for the air cannot be kept from it. It should be put up in air-tight packages or cans. Sugar cane can be grown in every county of the State of Florida, and on all kinds of land, if properly treated. I, myself, grow it on seven different kinds of land in three counties."

SCHOOL FUND.

Hon. W. M. Holloway, State Superintendent of Public Instruction, makes annual apportionment of the interest on the State school fund. This fund is apportioned on the basis of the average attendance of the counties.

The total amount for apportionment is $33,412.77. The amount apportioned is $33,412.40. The rate per pupil is 40 cents. The balance remaining in the fund not apportioned is 37 cents.

The report shows that Alachua county has an average school attendance of 4,345 pupils and its share of the money apportioned is $1,738.

The coming of the electric railroad into Florida will be a consummation most desired. No State in the Union is more adapted for the building and operating of electric roads than Florida. In many counties little or no grading at all is needed, and the cost of power would not be so great as in other States. As a means of gathering up the various products of the soil and carrying them to the central markets and shipping points, these roads would be most useful. The passenger traffic of such roads, especially in winter, by the large number of winter visitors, would be no small item. Where these roads are in operation in competition with steam lines, the fare is always one-half lower and the increased traffic would amount to a large sum, as many would travel from one city to another much more than they do now, when the rate is so high.

The Fort Pierce News asks, "Is Eli Perkins dead?" We answer no. If such a report is current it is a mistake. It is his old jokes that are dead and should have been burned long ago, as the story he told in The Times-Union about Swansey, Vermont, happens to be quite far-fetched, as Swansey is in New Hampshire.

FLORIDA FOR ALL.

Florida, in years past, was only enjoyed by a few of the very wealthy people of the North, who came here in winter for pleasure and to escape the severe cold. Some also came here for health and returned in the spring feeling much better from having escaped the pains of the body caused by the chilly wintry blasts. Others came here because they were restless and desired a change, but were soon uneasy after they reached here and wanted to return.

Many people are in Florida today who for years had read of and hoped to see the beautiful flowers to be found here at most any time in the winter. From infancy to manhood and womanhood they have longed to see the South, and when the time came that they could leave their homes, they came and saw.

Each year the crowds increase, and those who have been here once or twice are sure to come again. People of wealth flock to the palace hotels where they can show their fine wearing apparel and indulge in the society functions they might enjoy at home, although some would not be able to secure the social standing they do abroad.

Others come for quiet and absolute rest, in the hope to recuperate from the malady that is afflicting them, and they find it in the smaller villages, near beautiful inland lakes or in the forests of the long-leaf pine, far away from the maddening crowds of the congested winter hotels, and by careful nursing, throwing medicine to the dogs, and plenty of outdoor exercise, regain their health.

But the sick ones long for the outdoor air, and when shut up in the house by the disagreeable weather that is sometimes prevalent for a few days, forget that in their Northern homes it is doubly disagreeable. A few days of cool weather is beneficial to the health of the country, and after it comes the pure air, laden with the fragrance of jessamine and orange blossoms, amply repaying for the few days of cool weather.

Another feature has been added to the entertainment of winter tourists, and one that is taken advantage of by many. In various portions of the State are conducted winter chautauquas, Sunday school conventions and Bible meetings, which are located away from the centers where the "butterfly" throngs assemble, supplied with men of National reputation as exponents of the doctrines of the true religion, also literary and musical people of merit, to join in furnishing both instruction and entertainment for those who prefer semething more substantial.

There is room in Florida for a winter's enjoyment for all good people who desire to come. All are welcome.

The report comes to hand that dealers in California oranges are doing all in their power to injure the sale of Florida fruit in the Northern markets, claiming that frozen oranges are being shipped from Florida. But these statements need cause no alarm to Florida growers. Wherever the Florida orange has been sold once it will find a ready market again. The dealers North have only one complaint, and that is the insufficient crop of Florida oranges to supply the demand. Even the "seconds" in Floridas are preferable to the best they get from California.

Editor Jordan, of The Punta Gorda Herald, is hot after the pardoning board. He is so intensely in earnest about the matter that he would fain abolish the pardoning power altogether. The power is unquestionably abused—almost criminally so—but we remember that were it not for the pardoning power every mother's son of us would be condemned to eternal punishment, and would not abolish this divine attribute for the world. Better that ninety-nine guilty persons go unpunished than one innocent one should suffer.—Lakeland News.

The people of Florida have a very faint idea of the recent cold snap that has done so much damage north of here. In South Carolina it was impossible to use horses on the hearse at a funeral, and it was drawn by men. In Atlanta on Sunday the electric wires were so badly damaged by the rain freezing to them that they were cut and the current turned off, to protect the lives of people on the street.

In Mississippi, Tennessee, Kentucky, the Carolinas and Georgia, the storm of Saturday and Sunday did serious damage. The oat crop of Georgia is said to be almost completely ruined. In Nothern Texas there was considerable suffering.

CUTTING AFFRAY IN SOUTH GAINESVILLE

William Bell Carved Moses Bryant to the Queen's Taste.

FOUND HIM WITH HIS WIFE

This Was Too Much for Bell, Who Ordered Bryant from His Home, and a General Fight Ensued, in Which Bryant Got the Worse—Trial Today.

Because another man came between himself and his home Wednesday, William Bell has caused great trouble, which, in the general opinion of the public, he had a right to do. As a result Mose Bryant is now laying up at his home with several serious gashes in his side, the effect of knife wounds at the hands of Bell, and from which he may not recover soon.

There is an old saying that a man's home is his castle, and that is a true one. The only trouble is that things did not look exactly square at Bell's home, as matters did not seem in accord with Bell and his wife, whom it appears was harboring and probably paying too much attention to another man. Bell is a hard-working, conscientious man, and the sympathies of those who know him are on his side.

Bell, who is the driver of the trash wagon, in the employ of the city, went to his home in South Gainesville Wednesday morning, unexpectedly. Upon his arrival he found Moses Bryant, a porter on the Gainesville and Gulf Railway, in the house with his wife. He ordered Bryant to leave the premises at once. Bryant did not leave the house, but at the door he met Bell with a big stick and proceeded to play havoc with his skull, striking him several times. Bryant evidently labored under the impression that he was striking at a baseball, for, while Bell was retreating he struck him, it is said, several severe blows on the head, giving him a pain in the stomach. Bell finally secured from his pocket a Barlow, with which he managed to carve Bryant sufficiently to put him out of business for the present, and he was sent to his home in a precarious condition. After Bryant had thrown up his hands and asked Bell to resist, however, and after Bell had done so, Bryant picked up an ax and attempted to brain him unawares. The man was too clever for him, however, and foiled him in his own purpose.

After the difficulty Bell came to the city and sought Officer Pinkoscn, surrendering. He stated to the officer the exact state of affairs, explaining how he had become involved in the trouble. He will be given a hearing in the municipal court this morning.

GAINESVILLE'S MARDI GRAS.

A New Feature in Carnival Attractions to Visit This City Soon.

For the past three days L. C. Kelley, general agent of the Jones & Adams Congress of Novelties, has been in the city arranging for the holding of a monster Mardi Gras and Carnival, to commence Monday, Feb. 13th, and last all week.

The Jones-Adams Company comes with the highest recommendations both from the press and public of every city they have visited in Florida, and the citizens of Gainesville are guaranteed a week of high-class, innocent, up-to-date amusement. Unlike all other carnivals that have visited Gainesville, they do not show upon the streets, leaving the people who visit their attractions exposed to inclement weather, but instead are presenting the very latest idea in the carnival world, which is the original idea of Messrs. Jones and Adams, of furnishing one of the largest sun and waterproof tents ever carried by a traveling organization to protect their patrons from bad weather, and having all of their shows and attractions face into the big tent, thus making it possible to visit the carnival with the assurance that you can enjoy it without fear of getting wet or muddy. Their big tent is a wonder of the tent-maker's art. Some idea of the enormity of its size can be gained by the fact that it holds five thousand people. Attractions given in the center of the big tent every half-hour. Show grounds corner W. Main and Seminary streets.

The Taylor County Topics, under the management of Jeff. L. Davis, the new owner and editor, made its appearance last week, after a short suspension, and judging from the first issue, gotten out under difficulties, Editor Davis will make Topics the kind of paper that Perry needs. The Sun extends best wishes.

FOUNTAIN WILL BE PRESENTED TODAY

Interesting Program Has Been Arranged for the Occasion.

MAYOR THOMAS WILL PRESIDE

Presentation Speech Will be Made by Rev. W. J. Carpenter, and Christopher Matheson Will Reply in Behalf of County Commissioners.

Today will be a glorious day for Gainesville, it being the day selected for the dedication of the elegant fountain, which will be presented by the ladies of the Woman's Christian Temperance Union to the county.

The ceremonies will begin at 4:15 p. m., immediately after the session of the Bible Conference, and will be held from the band stand on the north side of the square.

The program, while not elaborate, will be a most impressive one. Mayor W. R. Thomas will preside. There will be an invocation by Rev. Thos. P. Hay, pastor of the Presbyterian Church, after which the presentation speech will be made in behalf of the ladies by Rev. W. J. Carpenter, for four years pastor of Kavanaugh Methodist Church here, and who was very active in the temperance campaign two years ago. The response in behalf of the county commissioners will be delivered by Christopher Matheson in his usual eloquent manner, following which the elegant bronze fountain will be presented formally by the W. C. T. U. to the city and county.

In compliance with an invitation extended by the W. C. T. U. to the City Council at its meeting Monday evening, the council will attend the ceremonies in a body. The aldermen are requested to meet at the council chamber at 4 o'clock this afternoon, prompt.

While the fountain will be a public benefit to the people of the city and those visiting here, it must be presented and remain in the possession of the county, inasmuch as it is located on county land, being a few feet inside the county court house square. The city very generously agreed, however, to furnish water absolutely free, so it might be termed a mutual honor to both the county and city which has been extended by these dear ladies, through the efforts of whom this convenience to the public has been made possible.

A general invitation is extended to the public.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

AT REST.

[WRITTEN BY HIS SISTER, HATTIE ENGLISH].

Can it be true that brother's dead and sleeping beneath the sod?
Oh! can it be he is safely in the loving arms of God?

In fancy still we often hear his footsteps at the door,
And look as we were wont to see, his smiling visage o'er.

Oh! can it be that he is gone, gone from our loving care?
Oh yes! the Saviour called him home, to dwell forever there.

Brother is now a happy angel singing around the throne on high,
Though we're lonely now without him, we may meet him bye and bye.

He has crossed the dark, dark valley, where the silent river flows,
And has found through faith in Jesus that long-sought sweet repose.

So we'll leave the dear, dear brother with his hands upon his breast,
And with many a tear and flowers deck the spot where he's at rest.

Now while we brush away the tears let's softly breathe a prayer,
That when our short life's work is done we'll all meet over there.

Far from a world of sin and strife he now enjoys the heavenly life,
And joins to praise, shout and sing and make the heavenly arches ring.

We could not wish him back again, but say, dear Garrette, with God remain;
We'll try to gain that peaceful shore, where those who meet shall part no more.

Now let us strive the prize to gain, let's come to Christ—with him remain;
Then we shall share in Jesus' love, and meet with dear Garrette in the home above.

DR. GWILYM IS HERE.

Eminent Episcopal Divine Will Spend a Week at Bible Conference.

Among the prominent arrivals in this city who have come to attend the Bible Conference is Rev. David Vaughn Gwilym of New York, who arrived late Tuesday.

Dr. Gwilym, who made such a reputation here by his remarkable lectures last year, was greeted by many friends whom he made at that time. He is a gentleman of excellent address, sincere and friendly, and left many pleasant memories of his visit last year. He is rector of All Saints' Church of Bayside, a suburb of New York City, and one of the most fashionable churches in that section. He was at one time in charge of one of the largest and most influential parishes of New York City, but this work occupied too much of his time, hence he resigned to accept a charge that would give him more of an outside life.

"I love this missionary work—this work of 'running about' and trying to do good everywhere—and that is the reason I am here now," remarked Dr. Gwilym, in that clever way of his. "I remember my visit to Gainesville last year with a great deal of pleasure, for I gained many friends here, whom I will always remember. I have been talking with all my heart for the present session of the Gainesville Bible Conference, and I feel grateful that I am enabled to be with you again."

Dr. Gwilym did not not desire to go upon the platform until today, but Dr. Strouse, realizing his "drawing proclivities," assigned him to duty yesterday afternoon. He will remain a week.

Oyster Supper and Entertainment For Benefit of Public School.

Prof. J. H. Owens, the clever and efficient principal of Martha Perry Institute, Rochelle's public school, writes The Sun to the effect that the good people of that place, desiring to see the school prosper, have decided to give an oyster supper and entertainment on the evening of Friday, the 17th inst., at the home of M. Mandfield.

This supper will be given for the benefit of the piano fund. A handsome piano was recently purchased for the school, and the proceeds will be used on the payment of same. Prof. Owens states that a fine program has been arranged, and those who attend are assured of a pleasant evening, aside from securing a first-class supper at a reasonable price.

Further particulars will be given later.

MEDICAL EXAMINER

Of the United States Treasury Recommends Pe-ru-na.

Prominent Physicians Endorse Pe-ru-na.

DR. LLEWELLYN JORDAN, Medical Examiner of the U. S. Treasury Department, graduate of Columbia College, and who served three years at West Point, has the following to say of Peruna:

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of suffering.

"Fellow sufferers, Peruna will cure you."—Llewellyn Jordan.

Doctors have been loathe to endorse a catarrh remedy because catarrh and catarrhal diseases have puzzled the medical fraternity for many decades.

The popular endorsements that Peruna has received at the hands of the people have induced a great many doctors to try the remedy.

More prominent physicians use and endorse Peruna each year.

Dr. A. Morgan, 211 Gater street, Indianapolis, Ind., writes:

"Regular physicians do not, as a rule, endorse patent medicines. I have, however, found in my practice that Peruna is a notable exception and not at all like any other medicine generally sold as 'patent medicine.'

"In examining it I find that it is a scientifically prepared medicine, composed of herbal remedies of high medicinal value.

"It is a specific for catarrh of the head, lungs or stomach, a fine remedy for female troubles, and invaluable to mothers and children.

"After fevers or other protracted illness, it is one of the best tonics I know of to restore the system to normal condition and I recommend it to convalescents.

"It is a high class family remedy, good for young and old."—A. Morgan.

Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day.

Robert R. Roberts, M. D., Washington, D. C., writes:

"Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."—Robert R. Roberts.

DR. LLEWELLYN JORDAN, Medical Examiner United States Treasury.

Catarrh is a systemic disease curable only by systemic treatment. A remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Peruna immediately invigorates the nerve centers which give vitality to the mucous membranes. Then catarrh disappears. Then catarah is permanently cured.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

It is of special interest to every tax-payer to make careful returns of their property each year, and I request that every one avail themselves of these appointments.

Very respectfully,
WILLIS W. COLSON,
Tax Assessor.

Neuralgia And Other Pain.

All pain in any disease is nerve pain, the result of a turbulent condition of the nerves.

The stabbing, lacerating, darting, burning, agonizing pain that comes from the prominent nerve branches, or sensory nerves, is neuralgia, and is the "big brother" of all the other pains.

Dr. Miles' Anti-Pain Pills rarely ever fail to relieve these pains by soothing these larger nerves, and restoring their tranquility.

Dr. Miles' Anti-Pain Pills leave no bad after-effects, and are a reliable remedy for every kind of pain, such as headache, backache, stomachache, sciatica, rheumatism and neuralgia.

They also relieve Dizziness, Sleeplessness, Nervousness, Car-Sickness, and Distress after eating.

"For many years I have been a constant sufferer from neuralgia and headache, and have never been able to obtain any relief from various headache powders and capsules, until I tried Dr. Miles' Anti-Pain Pills. They always cure my headache in five minutes time." FRED R. SWINGLEY, Cashier 1st Nat. Bank, Atkinson, Neb.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

THIRD DAY OF BIBLE CONFERENCE

Great Crowd Thronged to Hear the Blessed Word of God.

THREE FINE SERVICES

Rev. Dr. Sullen Preached in the Morning, Dr. Blackstone Lectured in the Afternoon, and in the Evening Dr. Stewart Entertained the Audience.

The third day of the Winter Bible Conference was one of success, great crowds attending each service.

In the morning Rev. Dr. Sullen of Cleveland, Tenn., delivered an interesting sermon. In the afternoon Dr. W. E. Blackstone, one of the Conference favorites who made so many friends by his excellent work here last year, gave a lecture in the nature of a Bible study, and in the evening Rev. George Stewart spoke to a large and attentive crowd.

The Conference this year is going to prove a big success, and it is believed that much good work will be accomplished.

TREES ARE SAFE.

J. R. Emerson Makes Inspection of His Thirty-Five-Acre Grove.

J. R. Emerson of the Cash Grocery Company, who owns a handsome thirty-five-acre grove at Tacoma, has returned from his property, where he made a thorough investigation of the damage to his fruit and trees during the recent cold snap.

Mr. Emerson admits that the fruit has been injured to some extent, but inasmuch as he had gathered the greater part of this, his loss will not be so severe. He carefully examined the trees, and feels satisfied that they are all right. "I think that a few leaves on the younger trees will shed," he remarked, "but the older trees are not injured at all and will not even lose a leaf from the effects of the cold."

Mr. Emerson attributes this miracle to the condition of the sap in the trees, which was at the roots. He does not believe the growers of his section will lose a tree.

The Council Meeting.

There was an interesting meeting of the City Council Monday evening, being the regular monthly meeting.

There was present a full board, with President Broome in the chair.

Among the more important business transacted was the acceptance of a proposition from the Cemetery Association to turn over, or deed, the cemetery property, to the city, with the understanding that the city was to bear the expenses of taking care of same, which was accepted. This burden has formerly fallen upon the ladies, who formed a voluntary association and paid the expenses from charitable funds derived from various sources.

The matter of extending the free mail delivery was brought up, and it was learned that this service could not be extended unless the streets were properly posted and the houses properly numbered. The matter was referred to the street committee, with instructions to ascertain the cost of performing this work.

After the transaction of some other business the council adjourned.

Death of Harvey Chesser.

Friends of Harvey Chesser were surprised to learn of his death, which occurred in Tampa Saturday night. Deceased was born and reared in this county, near LaCrosse, and had many friends here. His remains were taken to Antioch, where the funeral was held Monday. The funeral was largely attended, the friends of the deceased paying the last tribute of respect to the deceased.

Negroes Form Company.

Decatur, Ala., Feb. 7.—For some time past there has been considerable talk among the better class of negroes of the Decatur and surrounding country relative to the organization of the negroes for political, educational and industrial purposes. The talk crystallized in a mass meeting held at Cedar Lake a few nights ago. Cedar Lake is an exclusively negro town.

Poisons in Food.

HAWTHORN HAPPENINGS.

No Damage to Orange Trees From Recent Cold—Personal Mention.

Hawthorn, Feb. 6.—The recent cold snap did no damage to the orange trees here in the groves which had been cared for. We thought that they would all shed the entire crop of leaves, but many may not. The white fly eggs seem to be all destroyed. The scale insect is also killed it seems. The leaves are beginning to droop since the rains of the past two days.

The farmers are rushing their farm work. Truckers were damaged, but are coming again. The cattle are in the best condition for years. We see no dead cows on our quail hunts.

Mr. and Mrs. W. H. Knots of Kansas City, Mo., are among the recent arrivals.

Gordan S. Moore, son of Mr. and Mrs. W. S. Moore, was recently married in Ripley, Tenn. He is here on his bridal trip visiting his parents. Mr. Moore is a rising business man of Ripley, and his wife was the charming and popular Miss Annie Tucker of the same city. They received 115 wedding presents, many very handsome and valuable. They will remain a month in Florida.

Mr. and Mrs. C. B. Waldo and Dr. Waldo of Birkshire, N. Y., are guests of Moore's Hotel.

The many friends of Ed. Greer of Jacksonville were much pleased to see him in our town last week.

The evenings at Moore's Hotel are much enjoyed. Cards, music, recitations and a tea party, a Welch rarebit or a quail roast add to the substantial features of these occasions. Last Tuesday a party of twenty-three went from the hotel to the famous Lochloosa Creek and had a fish fry. The fish and coffee and hot hoecake was a great treat.

The fire-proof addition and large tank and waterworks to Moore's Hotel was completed Saturday. F. J. Hammond will take water for his store for use and fire protection.

MRS. DUKE IN COURT.

Will Be Held Until Texas Officers Arrive in Gotham.

New York, Feb. 7.—When Mrs. Brodie L. Duke was arraigned in police court today for her adjourned examination, it developed that the Texas authorities have not as yet been reported, given up their intention og securing her extradition to that state. Just before court opened District Attorney Jerome received the following message:

"State Capitol, Austin, Tex.—Application for requisition for Alice Webb, wanted in Nacogdoches county, Texas, for swindling, has been received by me and returned to the officers of Nacogdoches county for correction. It will be forwarded as soon as the papers are made out properly. (Signed) S. W. T. Lanham, governor."

Mobile, Ala., Dec. 24, 1890.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. CLARK.
M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 829, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Mr. and Mrs. R. F. Kite returned yesterday from Antioch, where they went to attend the funeral of the latter's cousin, Harvey Chesser, the sad death of whom occurred at Tampa Saturday. Friends extend sympathy to the lady in the loss of this relative.

Dr. J. M. Dell, who has been occupying offices in the Porter Block for the past few months, has moved into the Endel Block, over Marcus Endel's store, and will be comfortably situated there. Dr. Dell has installed a telephone, the number of which is 79.

J. R. Williams of Alachua was in the city yesterday. Mr. Williams' numerous friends here were sympathizing with him in the recent death of his brother, Furman E. Williams. No better or more enterprising man ever lived in Alachua county, and his death will be greatly felt by all.

Mrs. C. P. Kinsella and daughter, Mrs. Walter Ackerman, of Patterson, N. J., who are sojourning for the winter at Melrose, were among the visitors to Gainesville yesterday. These ladies are delighted with Florida, and state that they propose to continue to make their winter home here.

Lucas Black of Hague, member of the firm of Padgett & Black, manufacturers of naval stores, was a visitor to this city yesterday. Mr. Black purchased a fine pointer pup from J. A. Goodwin, for which he paid $20. It is one of the finest pups in Alachua county, and will make a fine dog with proper training.

The celebrated Clifford Family, instrumental and vocal artists, with their moving picture show, appeared at the opera house to a fair audience last night, and all who attended report the entertainment good. The company is composed of an entire family, the father of whom is blind, but a fine musician, performing on all kinds of instruments with grace and sweetness. The performance deserved a better audience.

J. R. Emerson has sold his fine trotting horse, Hubert, to S. H. Gaitskill of McIntosh, the consideration being a handsome one. This horse was bred in East Tennessee, and has a record of 2:14. Mr. Emerson has been in possession of the animal for several years and regretted to part with her, but owing to the fact that he has moved from his country home to the city he had no place to harbor the animal, hence decided to dispose of her.

From Thursday's Daily Sun:

George Zetrouer of Rochelle was among the visitors to this city yesterday.

Herbert Merry of Micanopy was transacting business in the city yesterday.

Our labor contract saves possible loss from advances made to employes. Price: 50 or less by mail, 3½ cents each; $3 per hundred; cash with order. THE SUN, Gainesville, Fla. daw

After a brief business visit to this city, A. R. Scruggs returned to his home in Tampa yesterday. Mr. Scruggs and family resided for a lang time in this city, and his old friends here were glad to welcome him again.

S. M. Riles of Hawthorn was in the city yesterday. He made The Sun an agreeable call, renewing his subscription. Mr. Riles states that the recent cold in his section did considerable damage, but the farmers are not discouraged.

Our contract with persons to whom advances are made to assist them in growing crops is Iron-clad. Just the thing for merchants who advance to croppers. $2 for 50; $3 per hundred, cash with order. Not less than 50 sold. THE SUN, Gainesville, Fla. daw

R. F. Pridgeon of Fannin and E. D. Thomas and J. L. Slocum of Willeford were in the city yesterday, the two latter gentlemen renewing their subscription to The Sun. They report the heaviest rains in their section for several months, which have naturally resulted in a great deal of damage.

Clayborn Kendrick, an aged colored man, died on West Boundary street yesterday of heart failure. Deceased was one of the oldest and most widely known colored residents of the city, having resided here for half a century. He was about seventy-five years of age. The funeral will be held today.

After a visit of two weeks to relatives in this city, Hon. N. R. Carter returned to his home in Levyville yesterday. He was accompanied by his son, N. R. Carter, Jr. Mr. Carter has been suffering for some time with a complication of diseases, and came to Gainesville for treatment. His friends will be gratified to learn that his condition is somewhat improved.

We see by the issue of January 24 of the Gainesville (Fla.) Daily Sun, that our old friend and co-worker of a few years ago, W. W. Ashley, has again been added to the staff of that journal for the winter. A perfect likeness of "Win" was also published in that issue, from which, we take it, that he is enjoying life to the utmost. We wish him the success that his hustling and energetic efforts will earn for him.—St. Ignase (Mich.) Enterprise.

THE BIBLE CONFERENCE.

Good Crowds Attended the Meeting Wednesday—Three Good Sermons.

The services at the Winter Bible Conference were well attended yesterday, especially in the evening, when the big tabernacle was almost filled to its capacity.

At the morning service Rev. George Stewart delivered the sermon. In the afternoon Dr. David Gwilym, the eminent New York minister, delivered an address, and in the evening Dr. Stewart again preached, his remarks attracting a great deal of interest.

This evening Dr. Stewart will lecture to men only, his subject being "The Stuff Men are Made Of." There will be a service for the ladies at the Methodist church at 7:30 o'clock, to which all are invited.

VICIOUS DOGS GET AFTER MAIL CARRIERS

Such is the Experience of the Mail Carriers of Gainesville.

HIS SEAT OF PANTS EATEN

Carrier Rowe Has Been Trying to Make Friends With an East Gainesville Dog, but the Dog Won't Play. Postmaster Arnow on Situation.

There is going to be trouble between the United States government, the mail carriers in the employ of the United States government and the owners of what are termed as "vicious dogs," if some action is not taken soon in the matter of tying these dogs up or confining them in the back yards of premises where carriers are compelled to go to deliver mail.

Carrier D. W. Rowe, whose duty it is to deliver mail daily on certain routes leading to East Gainesville, declared to Postmaster Arnow Tuesday that he would give up his job before he would deliver mail at a certain house in East Gainesville, where he states a vicious dog has almost eaten the seat of his trousers out, as a result of various attacks. Carrier Rowe has stood this thing as long as possible, and says he has tried to make friends with the dog, but objects to being compelled to enter with a club in one hand and the mail for the family in another, and fight his way both in and out of the yard.

"I love my job and need it, but I just won't stand this risk any longer," he remarked to Postmaster Arnow upon returning from his route Tuesday. "That dog would have grabbed me in a minute if it had not been for the fact that I kept him off with a stick, and I won't stand it a minute longer."

Postmaster Arnow states that the postal legulations do not require carriers to enter yards or premises where vicious dogs are permitted to run at large. "I think it unfair to ask it of them," he said, "and I propose to instruct the carriers to stay out of such places. If people want to enjoy the privilege of free mail delivery they must keep their dogs tied up or in the rear premises, where the carriers will not be subjected to being bitten. I am willing and anxious to accommodate the public in the free distribution of mail, but I am not willing to force carriers to run the risk of being jumped on and bitten by dogs. Persons having such dogs must either tie them up or keep them in their back yards if they desire their mail delivered at their doors."

Section 736, Postal Laws and Regulations, says:

"Carriers are not required to deliver mail at residences where vicious dogs are permitted to run at large. Persons keeping such dogs must call at the postoffice for their mail."

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

VICIOUS DOGS GET AFTER MAIL CARRIERS

Such is the Experience of the Mail Carriers of Gainesville.

HIS SEAT OF PANTS EATEN

Carrier Rowe Has Been Trying to Make Friends With an East Gainesville Dog, but the Dog Won't Play. Postmaster Arnow on Situation.

There is going to be trouble between the United States government, the mail carriers in the employ of the United States government and the owners of what are termed as "vicious dogs," if some action is not taken soon in the matter of tying these dogs up or confining them in the back yards of premises where carriers are compelled to go to deliver mail.

Carrier D. W. Rowe, whose duty it is to deliver mail daily on certain routes leading to East Gainesville, declared to Postmaster Arnow Tuesday that he would give up his job before he would deliver mail at a certain house in East Gainesville, where he states a vicious dog has almost eaten the seat of his trousers out, as a result of various attacks. Carrier Rowe has stood this thing as long as possible, and says he has tried to make friends with the dog, but objects to being compelled to enter with a club in one hand and the mail for the family in another, and fight his way both in and out of the yard.

"I love my job and need it, but I just won't stand this risk any longer," he remarked to Postmaster Arnow upon returning from his route Tuesday. "That dog would have grabbed me in a minute if it had not been for the fact that I kept him off with a stick, and I won't stand it a minute longer."

Postmaster Arnow states that the postal legulations do not require carriers to enter yards or premises where vicious dogs are permitted to run at large. "I think it unfair to ask it of them," he said, "and I propose to instruct the carriers to stay out of such places. If people want to enjoy the privilege of free mail delivery they must keep their dogs tied up or in the rear premises, where the carriers will not be subjected to being bitten. I am willing and anxious to accommodate the public in the free distribution of mail, but I am not willing to force carriers to run the risk of being jumped on and bitten by dogs. Persons having such dogs must either tie them up or keep them in their back yards if they desire their mail delivered at their doors."

Section 756, Postal Laws and Regulations, says:

"Carriers are not required to deliver mail at residences where vicious dogs are permitted to run at large. Persons keeping such dogs must call at the postoffice for their mail."

If the Baby is Cutting Teeth
